

KING

POPEYE

and

ENVIRONMENTAL CAREERS

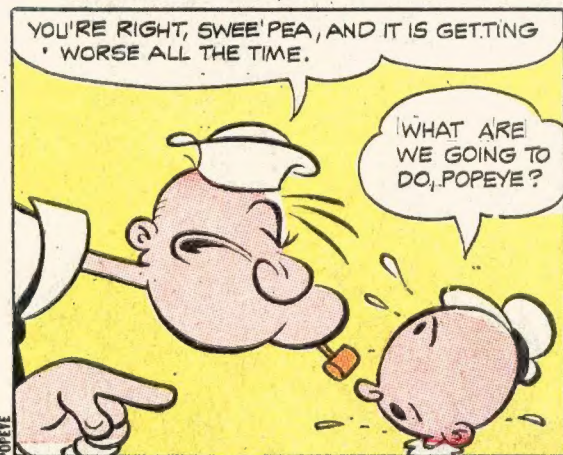

HEY, KIDS, YOU CAN HELP MAKE THIS COUNTRY A BETTER, CLEANER PLACE TO LIVE...AND GET PAID WELL FOR DOING IT!

TOO MANY PEOPLE ARE MESSING UP THE
WORLD WE LIVE IN AND SOME OF US ARE GOING
TO HAVE TO WORK MIGHTY HARD TO CLEAN
IT UP! THAT'S WHAT THIS COMIC IS ALL ABOUT...
IT'S CALLED *ENVIRONMENTAL CONTROL!*

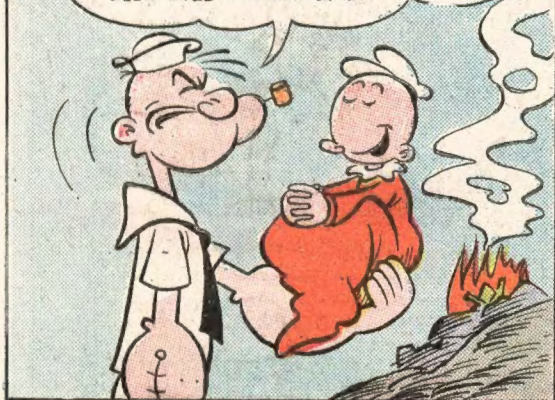

WRITER: JOE GILL / ARTIST: GEORGE WILDMAN

POPEYE E-2

THERE ARE WHITE COLLAR WORKERS LIKE ENGINEERS OR CHEMISTS WHO USUALLY HAVE HAD COLLEGE EDUCATION OR OTHER SPECIAL TRAINING OR EXPERIENCE WHICH QUALIFIES THEM TO RUN BUSINESSES AND SUPERVISE BLUE COLLAR WORKERS.

WHAT'S A BLUE COLLAR WORKER, POPEYE?

A BLUE COLLAR WORKER IS USUALLY SOMEONE WHO HASN'T GONE TO COLLEGE OR HAD PROFESSIONAL TRAINING: HE MAY BE AN ELECTRICIAN, PLUMBER, GARDENER, A FORESTRY AIDE OR A REFUSE COLLECTOR. BLUE COLLAR WORKERS HELP THE PROFESSIONALS CARRY OUT THEIR PROGRAMS.

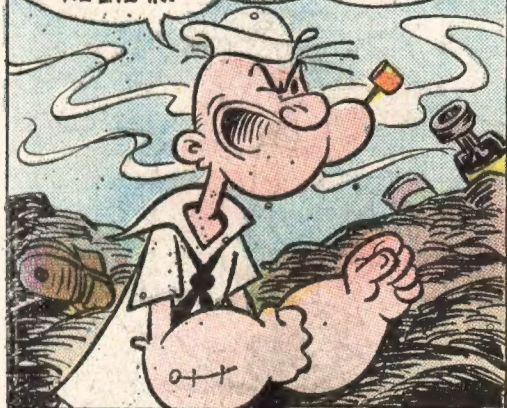

BY 1980, SWEET'PEA, THREE TIMES AS MANY ENVIRONMENTAL PROFESSIONALS WILL BE HIRED AND TWICE AS MANY BLUE COLLAR WORKERS.

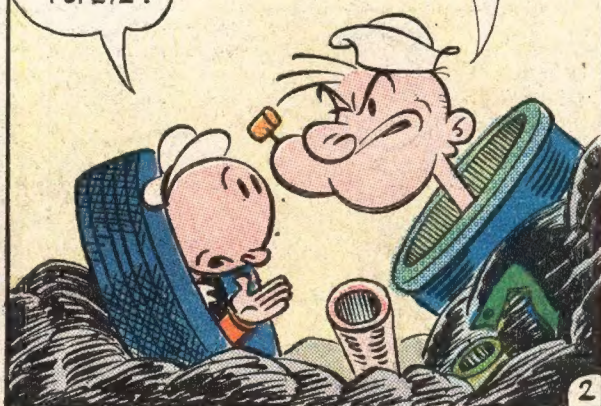

COUGH! COUGH!

THERE ARE JOBS FOR HIGH SCHOOL GRADUATES AS WELL AS THOSE WHO HAVE COLLEGE DEGREES. ASK YOUR GUIDANCE COUNSELOR IN SCHOOL AND HE WILL TELL YOU THE BEST WAY TO PREPARE.

YES, SWEET'PEA, THERE WILL BE JOBS FOR THOUSANDS... **OLDER PEOPLE** WILL BE HIRED, **HANDICAPPED** PEOPLE TOO, AND THERE'LL BE FINE CAREERS FOR THEM AS THEY HELP US CLEAN UP THE WORLD WE LIVE IN!

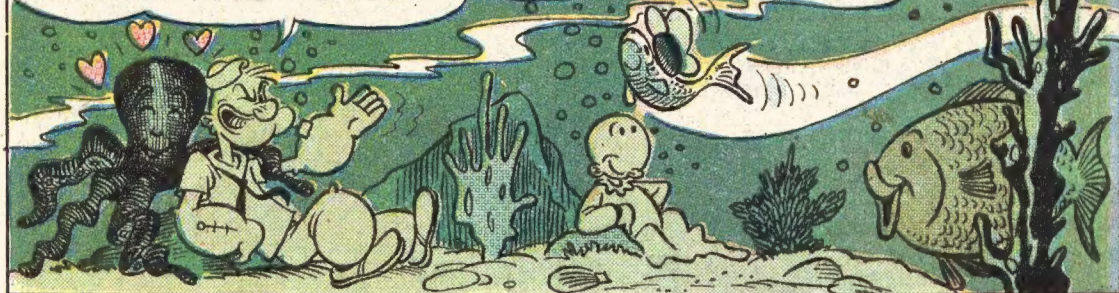

WHAT WILL WE KIDS HAVE TO KNOW TO WORK IN ENVIRONMENTAL CONTROL, POPEYE?

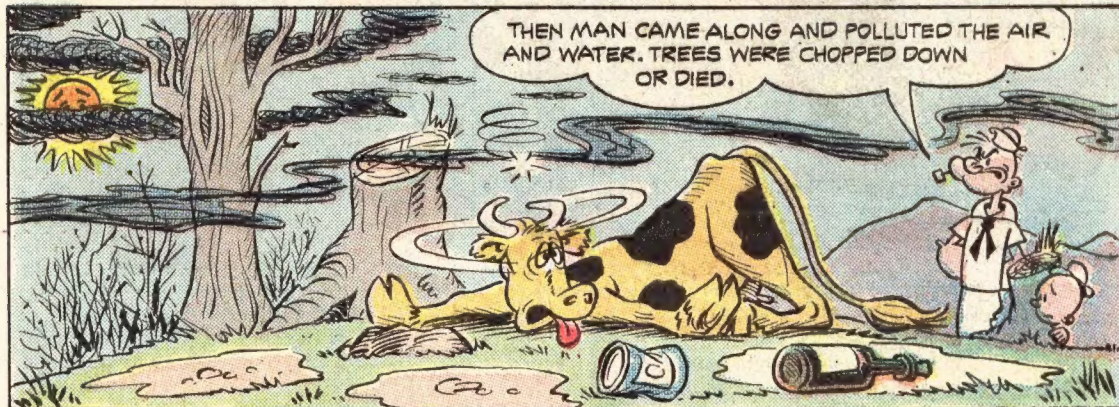

YOU SEE, SWEETPEA, OUR ECOLOGY OR ENVIRONMENT WAS BALANCED SO IT KEPT RENEWING ITSELF. THE SUN SHINES ON THE TREE, CAUSING IT TO GROW. IT CHANGES CARBON DIOXIDE AND WATER INTO OXYGEN AND CARBOHYDRATES. ANIMALS AND PEOPLE BREATHE THE OXYGEN AND EAT THE CARBOHYDRATES. THEY ALSO GIVE OFF THE CARBON DIOXIDE THE PLANTS NEED. IT'S AN UNBROKEN CHAIN.

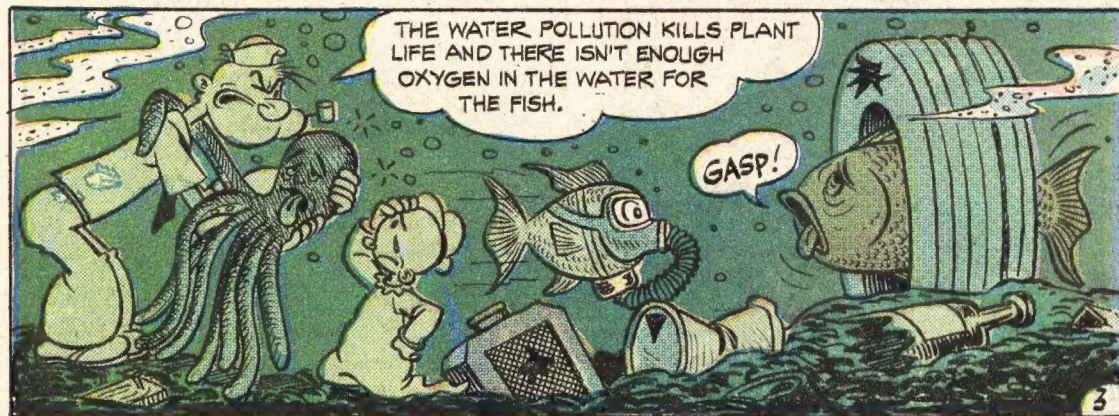

IN THE SEA, MARINE PLANTS AND AQUATIC ANIMAL LIFE DEPEND ON EACH OTHER, TOO. THE PLANTS USE WATER, CARBON DIOXIDE, AND THE SUN'S RAYS TO MAKE CARBOHYDRATES. OXYGEN IS RELEASED INTO THE WATER FOR THE FISH AND SO ON.

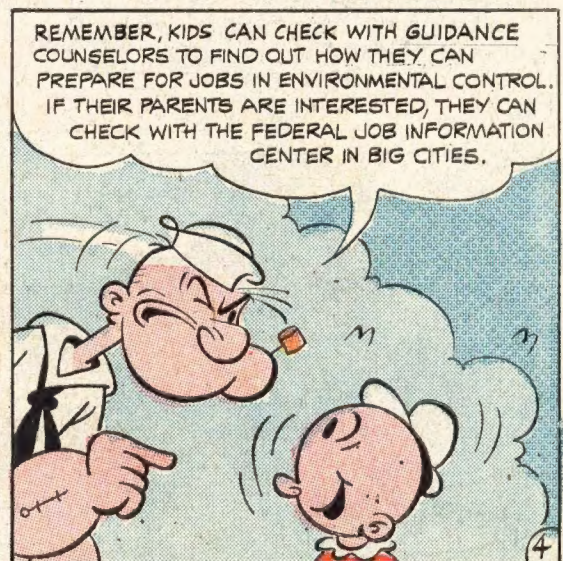

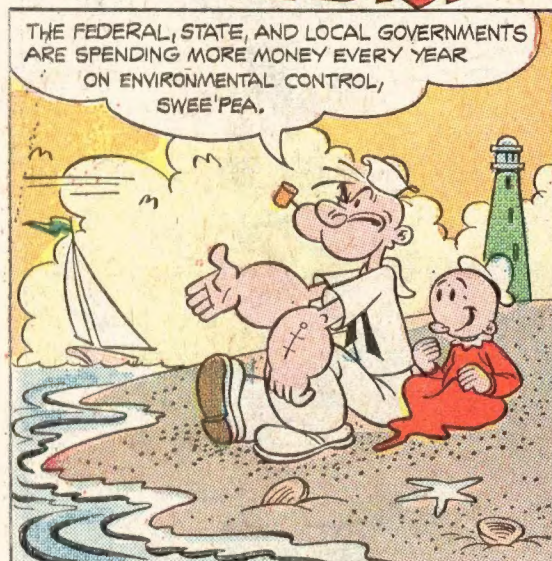

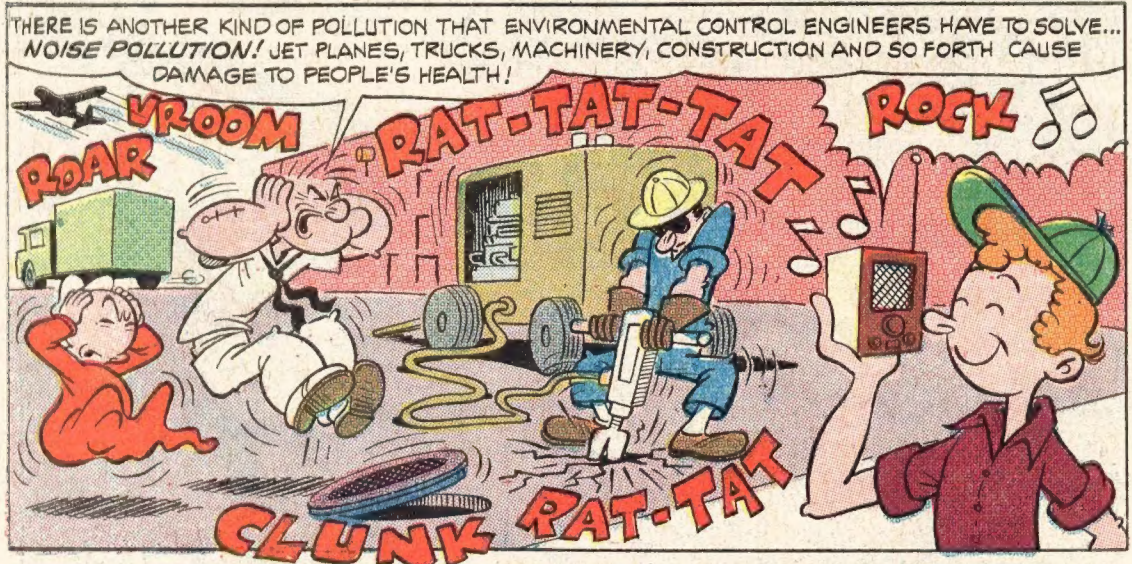

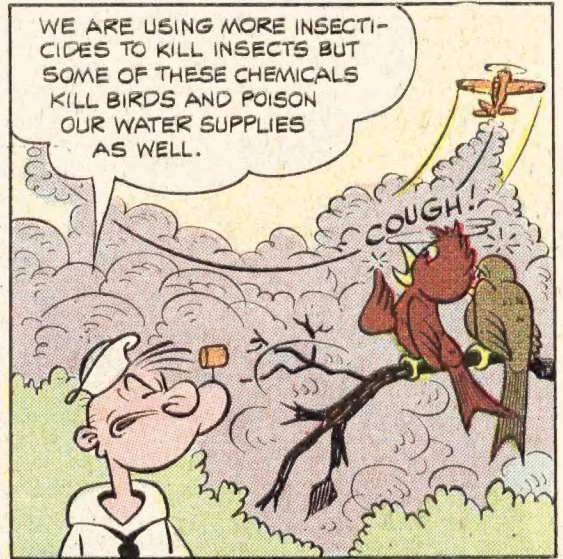

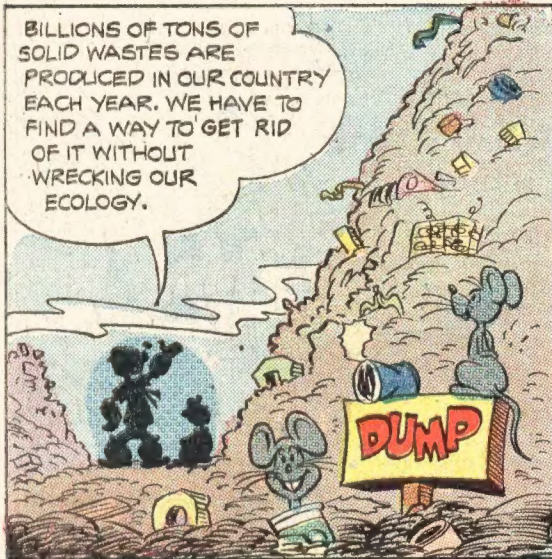

THEN MAN CAME ALONG AND POLLUTED THE AIR AND WATER. TREES WERE CHOPPED DOWN OR DIED.

THE WATER POLLUTION KILLS PLANT LIFE AND THERE ISN'T ENOUGH OXYGEN IN THE WATER FOR THE FISH.

GASP!

WHAT ARE SOME OF THE JOBS IN THE ENVIRONMENTAL PROTECTION AGENCY, POPEYE?

THE E.P.A. HAS HUNDREDS OF DIFFERENT KINDS OF EXPERTS AND LOTS OF JOBS FOR 'BLUE COLLAR' WORKERS, TOO!

BLUE COLLAR WORKERS—WORKERS HAVING TO DO WITH INDUSTRIAL, FACTORY OR MANUAL LABOR --UNSKILLED OR SKILLED.

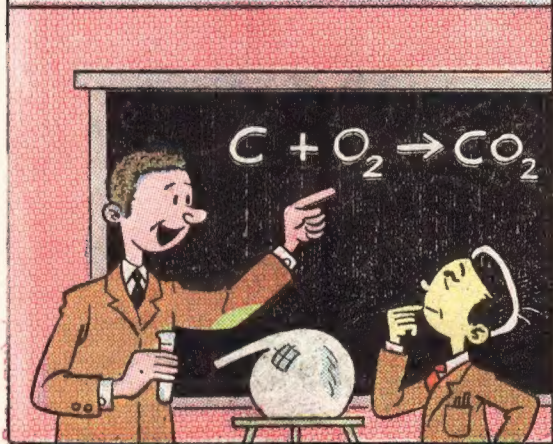

THE MAN WORKING IN THIS LABORATORY IS CALLED A PHYSICAL SCIENTIST.

ALMOST ALL PHYSICAL SCIENTISTS HAVE COLLEGE DEGREES. MANY OF THEM HAVE MORE THAN 4 YEARS OF COLLEGE AND ADVANCED DEGREES IN THEIR SPECIALTIES—A MASTER'S DEGREE OR A DOCTORATE.

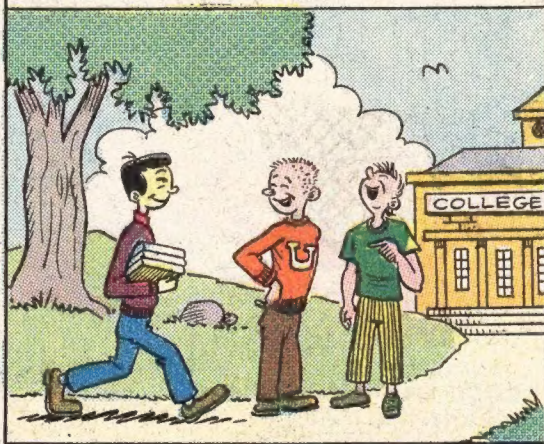

PHYSICAL SCIENTISTS ARE EMPLOYED IN LABORATORIES AND IN THE FIELD WHERE THEY TEST WATER RESOURCES AND OBSERVE CHANGES IN THE ENVIRONMENT BEING STUDIED.

THE GOVERNMENT MAY PROVIDE SCHOLARSHIP AID, INCLUDING TUITION AND SUBSISTENCE FOR STUDENTS.

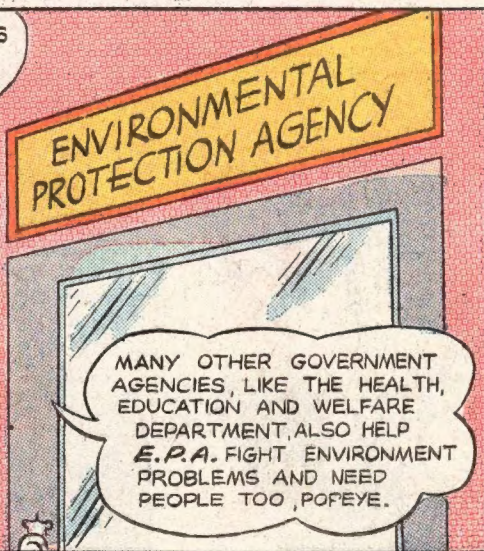

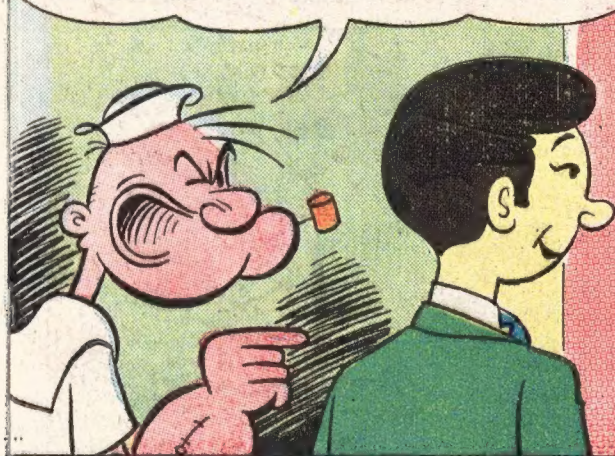

CHEMISTS WORKING IN ENVIRONMENTAL CONTROL HAVE TO STUDY HARD IN GRADE SCHOOL, THEN IN HIGH SCHOOL. NATURALLY, THEY TAKE COURSES IN CHEMISTRY.

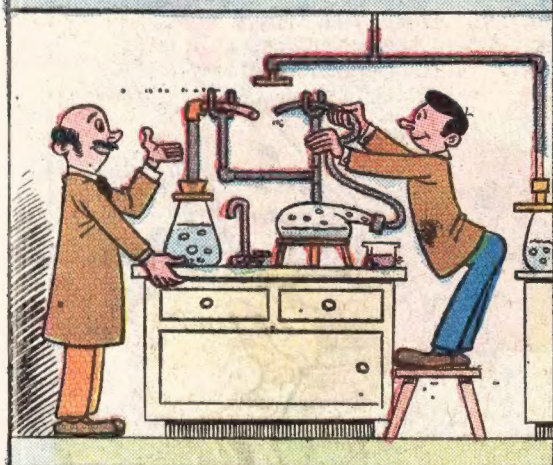

TO GET A DEGREE IN CHEMISTRY, STUDENTS HAVE TO WORK PRETTY HARD. CHEMISTS SOME-TIMES GO, AFTER GRADUATION, TO GET A MASTER'S DEGREE OR A DOCTORATE IN CHEMISTRY.

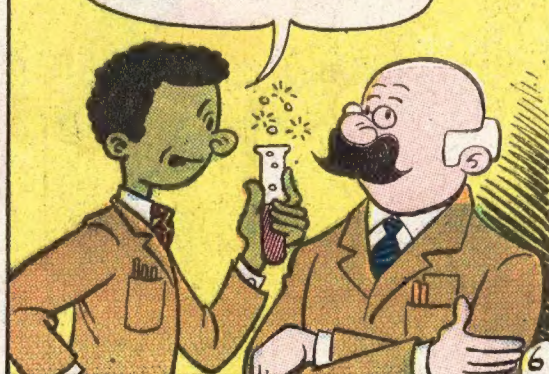

THE E.P.A. NEEDS CHEMISTS. AND BY 1980 WHEN YOU KIDS ARE GROWN UP, THEY'LL NEED THREE TIMES AS MANY, SO YOU'LL BE PRETTY SURE OF GETTING A JOB.

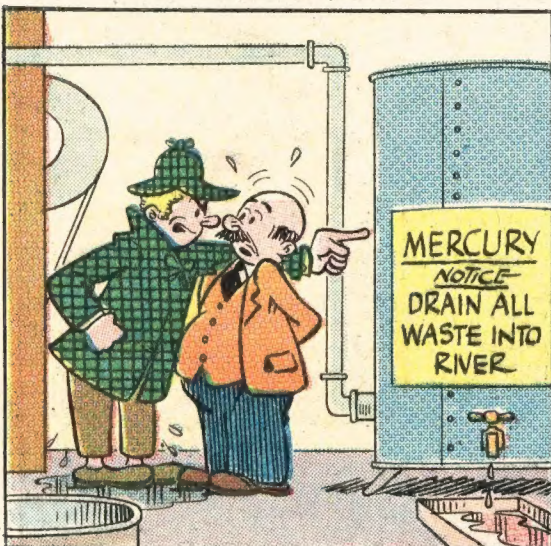

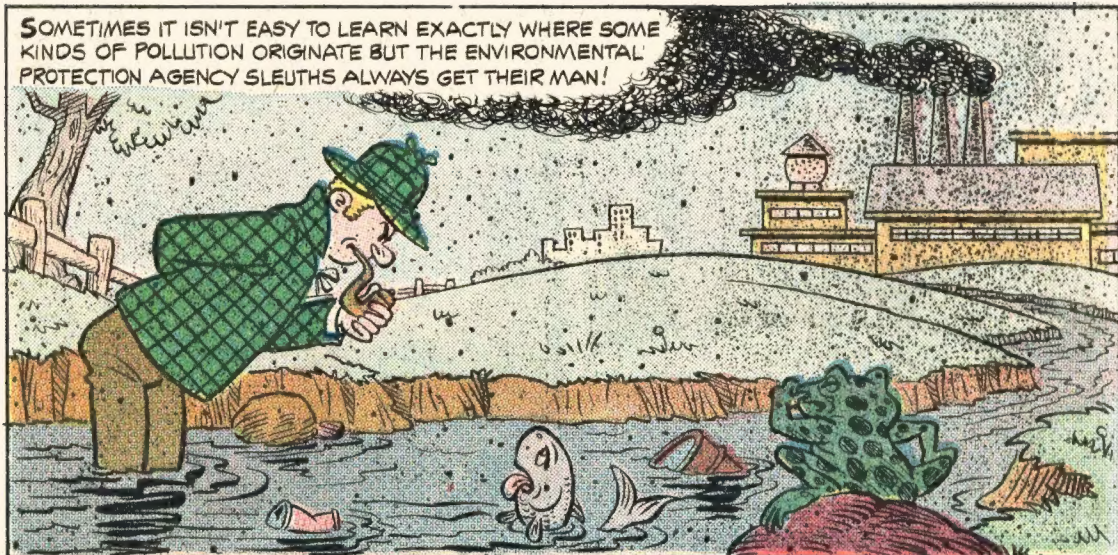

LABORATORY ATTENDANTS WORK UNDER THE SUPERVISION OF THE PROFESSIONALS, OPERATING EQUIPMENT AND MAINTAINING IT.

WE'VE DETECTED HARMFUL AMOUNTS OF MERCURY IN SOME FISH SPECIES. NOW, WE HAVE TO FIND THE SOURCE OF THESE POISONOUS MINERALS.

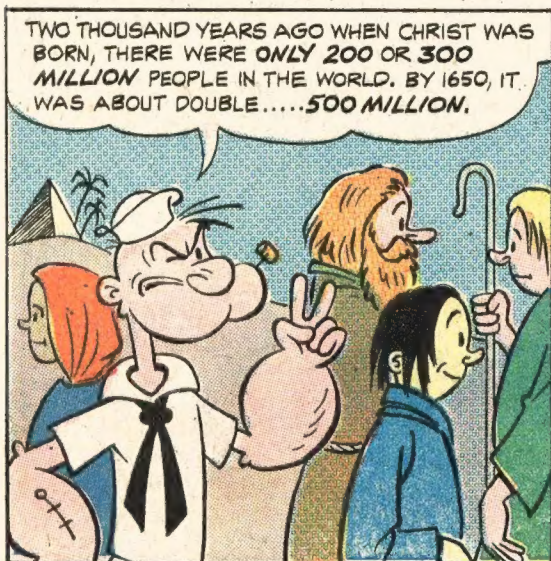

SOMETIMES IT ISN'T EASY TO LEARN EXACTLY WHERE SOME KINDS OF POLLUTION ORIGINATE BUT THE ENVIRONMENTAL PROTECTION AGENCY SLEUTHS ALWAYS GET THEIR MAN!

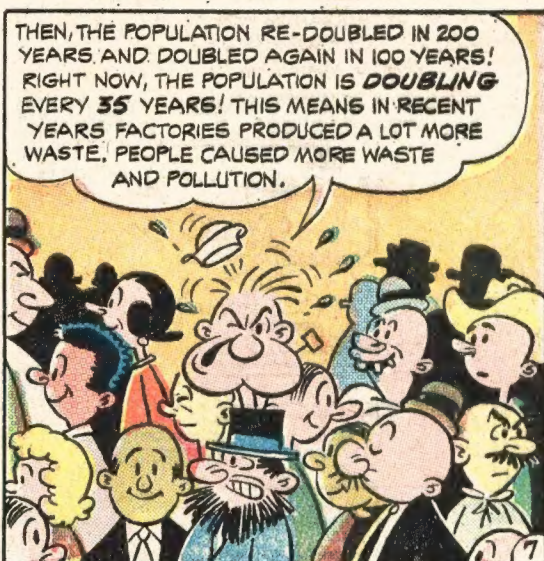

WHY DID THEY LET EVERYTHING GET SO BAD, POPEYE? COULDN'T PEOPLE **SEE** WHAT WAS HAPPENING TO OUR WORLD?

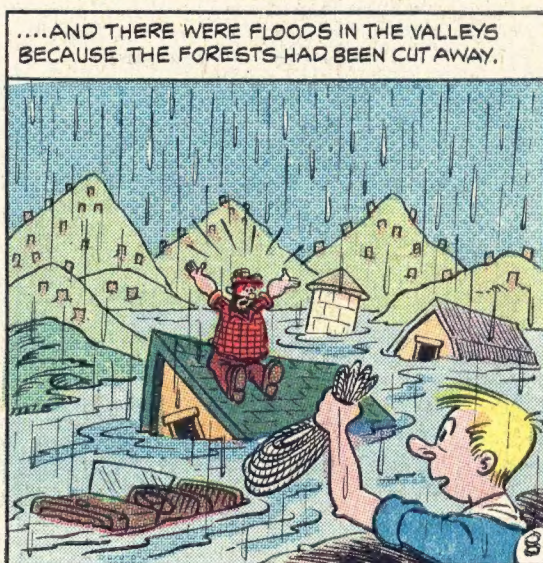

TWO THOUSAND YEARS AGO WHEN CHRIST WAS BORN, THERE WERE ONLY 200 OR 300 **MILLION** PEOPLE IN THE WORLD. BY 1650, IT WAS ABOUT DOUBLE.....**500 MILLION**.

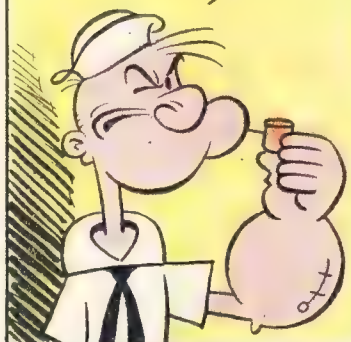

THEN, THE POPULATION RE-DOUBLED IN 200 YEARS AND DOUBLED AGAIN IN 100 YEARS! RIGHT NOW, THE POPULATION IS **DOUBLING** EVERY 35 YEARS! THIS MEANS IN RECENT YEARS FACTORIES PRODUCED A LOT MORE WASTE. PEOPLE CAUSED MORE WASTE AND POLLUTION.

PEOPLE TOOK WHAT THEY WANTED FROM THE EARTH. THEY DIDN'T THINK AHEAD OF TIME WHAT IT MIGHT DO TO THE ENVIRONMENT.

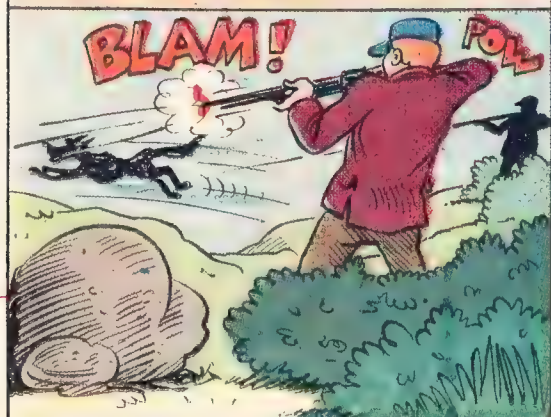

NOBODY EVER USED THE WORD **ECOLOGY!** WE KNOW NOW IT MEANS THE RELATIONSHIP OF ALL LIVING THINGS TO OTHER LIVING THINGS AND THEIR ENVIRONMENT. MAN DIDN'T WORRY ABOUT ENVIRONMENT BEFORE, EXCEPT HOW HE MIGHT MAKE A PROFIT FROM IT.

SEE THAT WOLF, SWEET'PEA? WELL, FOLKS USED TO FIGURE MR. WOLF WAS A BAD ACTOR AND THE WORLD WOULD BE BETTER OFF WITHOUT HIM, SO....

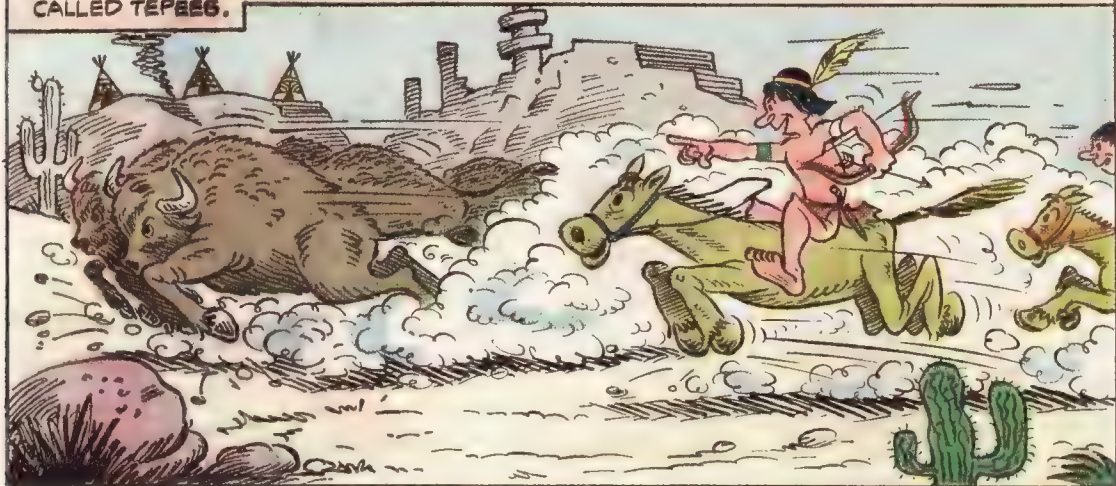

....EVERYBODY RAN AROUND SHOOTING ALL THE WOLVES THEY COULD FIND. SAME WAY WITH FOXES WHO STEAL FARMERS' CHICKENS. HUNTERS KILLED MR. FOX AND MR. WEASEL AND LIONS AND TIGERS.

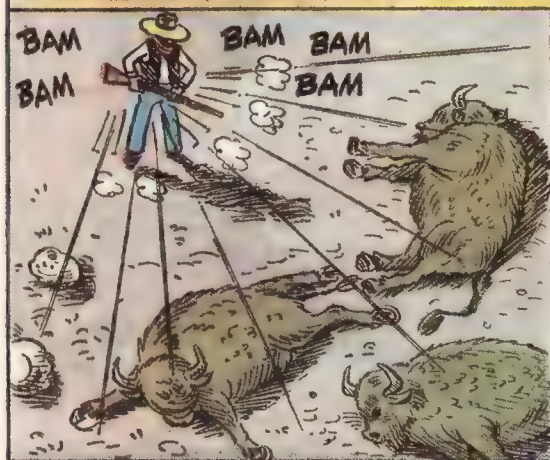

....AND IF THEY KEPT IT UP, THEY'D HAVE KILLED JUST ABOUT EVERYTHING YOU CAN THINK OF!

THE INDIANS LIVED ON BUFFALO FOR CENTURIES, HUNTING WHAT THEY NEEDED FOR FOOD. THEY USED THE BUFFALO HIDE TO MAKE BLANKETS AND TO COVER THEIR HOUSES, WHICH THEY CALLED TEPEES.

WHEN SO-CALLED 'CIVILIZATION' REACHED THE GREAT PLAINS, THE HUNTERS KILLED BUFFALO JUST FOR THE HIDE, LETTING THE CARCASSES ROT ON THE PRAIRIE. PRETTY SOON, WHERE THERE USED TO BE MILLIONS OF BUFFALO, THERE WERE ONLY A FEW LEFT.

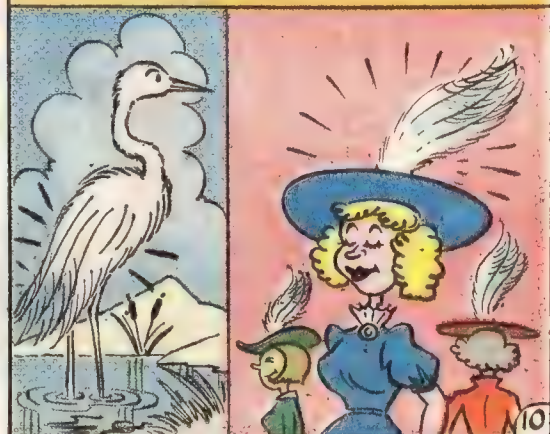

DIDN'T ANYBODY CARE, POPEYE?

THE ONES WHO SLAUGHTERED THE BUFFALO DIDN'T CARE, SWEE'PEA, AND OTHER FOLKS JUST DIDN'T *THINK* ABOUT IT!

ONCE THERE WAS A BEAUTIFUL BIRD, THE SNOWY EGRET, BUT LADIES HAT MAKERS USED THEM TO MAKE HATS AND PRETTY SOON THE HUNTERS MADE THE BIRD ALMOST EXTINCT.

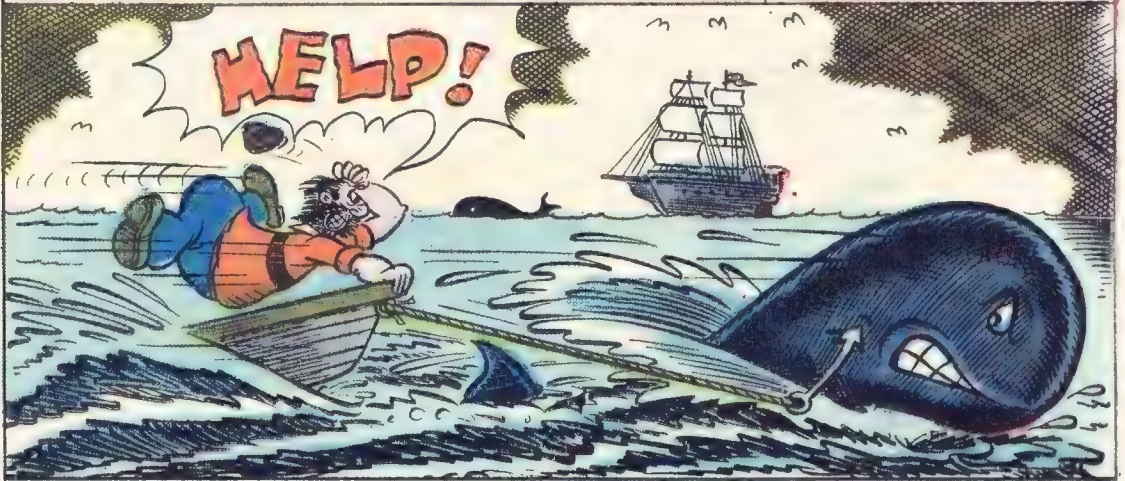

THERE USED TO BE LOTS OF WHALES IN THE OCEAN, SWEE' PEA. THERE WERE BLUE WHALES 100 FEET LONG, WHITE WHALES, BOWHEAD WHALES, GRAY WHALES AND OTHERS.

THE WHALERS MADE LOTS OF MONEY KILLING WHALES.

THEY HUNTED ALL THE BOWHEAD WHALES JUST TO GET THE BLUBBER AND FOR WHALEBONE WHICH WAS USED TO MAKE *LADIES CORSETS*.

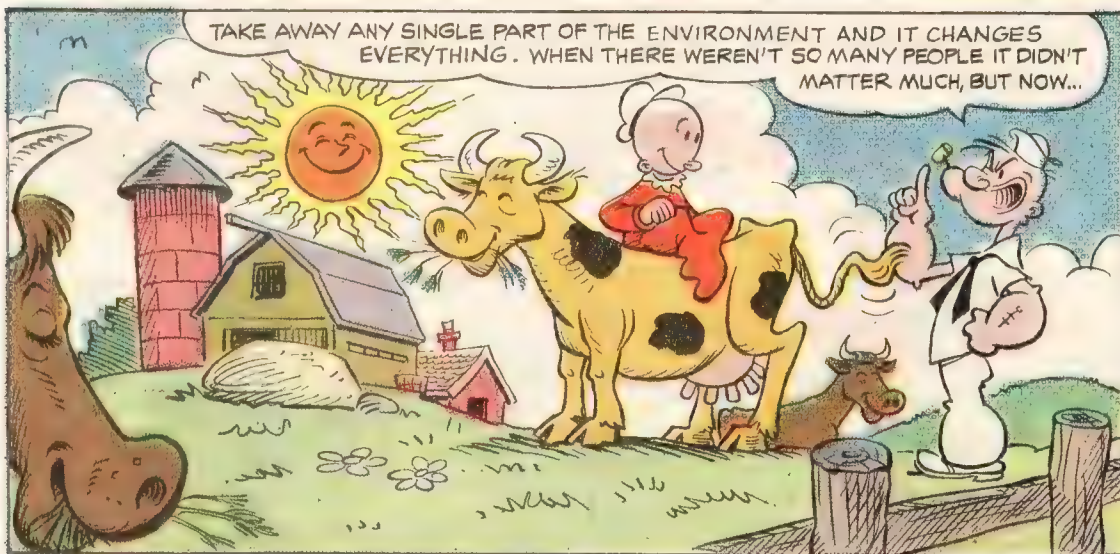

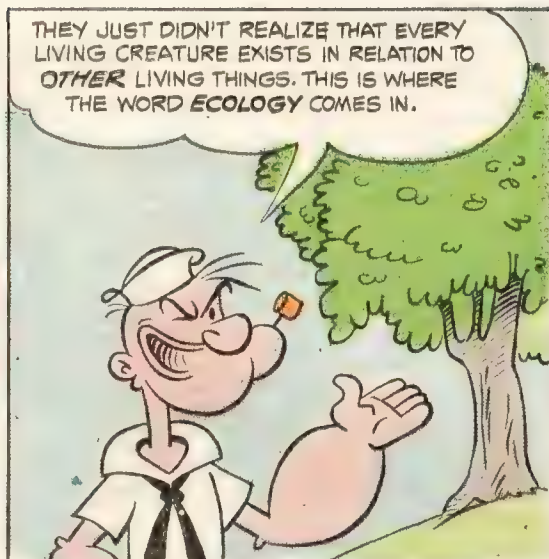

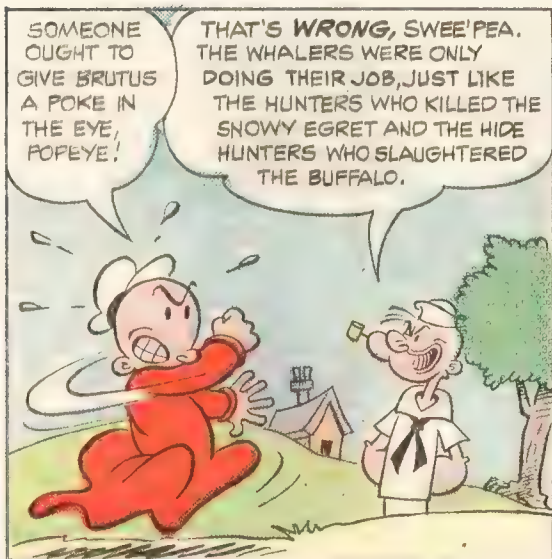

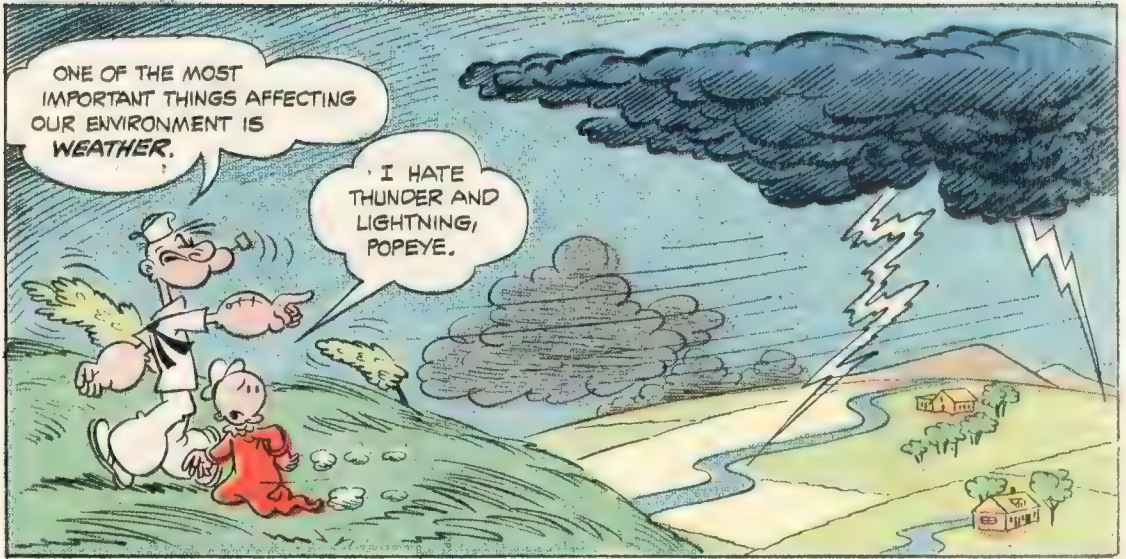

NOW, THERE ARE VERY FEW WHALES OF SOME SPECIES LEFT IN THE OCEANS. GOVERNMENTS PASSED LAWS PROHIBITING KILLING SOME KINDS OF WHALES BUT MORE LAWS ARE NEEDED. THEY'RE STILL HUNTING SOME KINDS OF WHALES WHICH ARE NEAR EXTINCTION.

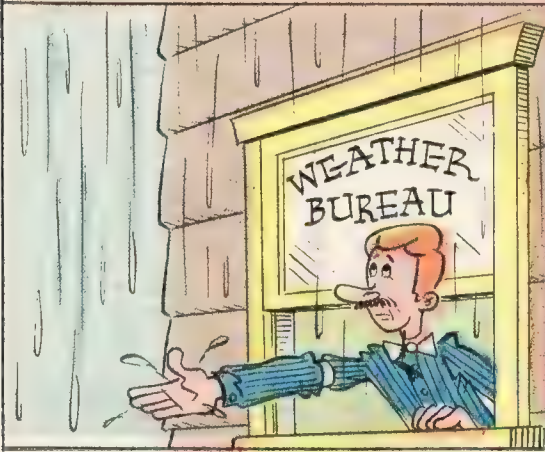

THE WHALERS WEREN'T BAD MEN. THEY FIGURED THEY WERE ONLY MAKING A LIVING. NOBODY REALIZED THAT WHAT *HE* DID TO THE WORLD AROUND HIM AFFECTED EVERYONE ELSE TOO.

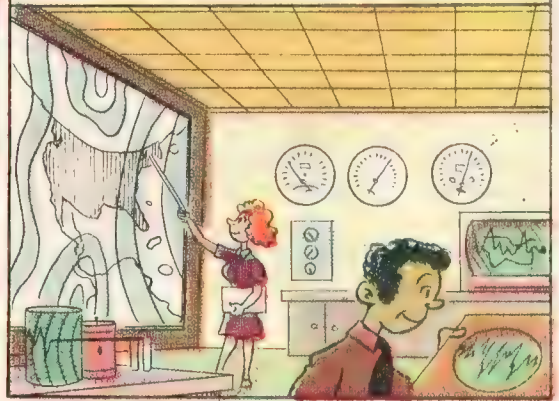

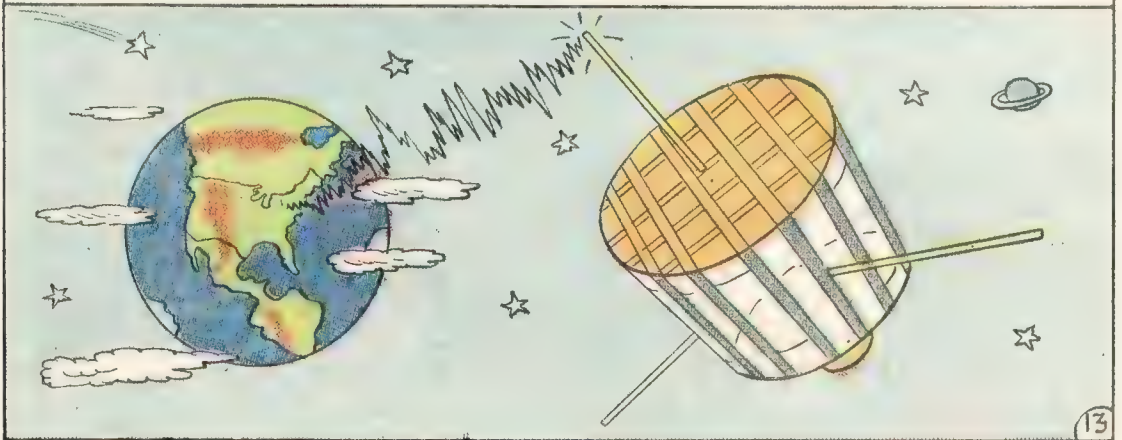

ONCE, WEATHER FORECASTING WAS PRIMITIVE. THE ONLY WAY THE WEATHERMAN KNEW IF IT WAS GOING TO RAIN WAS WHEN HE GOT HIS HEAD WET.

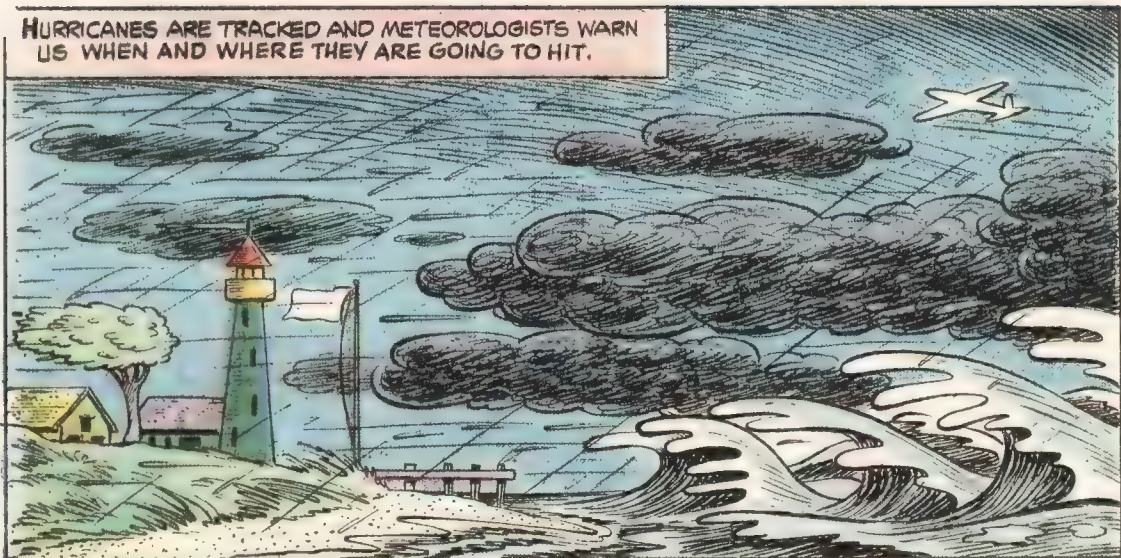

NOW, THE WEATHER BUREAU USES WEATHER CHARTS, BAROMETRIC READINGS, LONG-RANGE RADAR THAT CAN 'SEE' STORMS WHEN THEY'RE STILL MILES AWAY AND PREDICT WEATHER CONDITIONS VERY ACCURATELY.

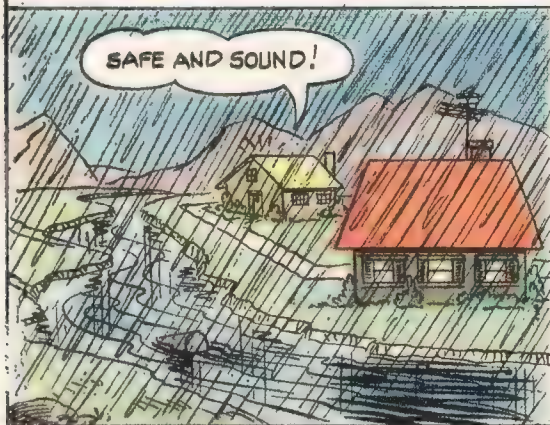

ONE OF THE BEST TOOLS **METEOROLOGISTS** HAVE TO FORECAST WEATHER IS THE WEATHER SATELLITE. THE UNITED STATES HAS THEM IN SPACE TAKING PHOTOGRAPHS OF THE EARTH BELOW. STORMS ARE LOCATED THE MINUTE THEY BEGIN TO FORM. CLOUD PATTERNS ARE SEEN AND THEIR MOVEMENT PLOTTED.

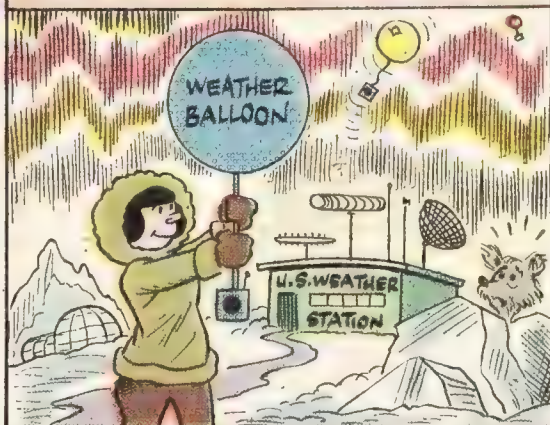

HURRICANES ARE TRACKED AND METEOROLOGISTS WARN US WHEN AND WHERE THEY ARE GOING TO HIT.

HEAVY RAINS ARE PREDICTED. NOW, WE USUALLY KNOW WHEN FLOODS ARE GOING TO COME AND EMERGENCY MEASURES ARE TAKEN BEFORE THEY OCCUR.

METEOROLOGISTS PERFORM VERY INTERESTING WORK AND THEY'RE IMPORTANT PEOPLE. THEY'RE PAID WELL AND THE GOVERNMENT IS HIRING MORE AND MORE EACH YEAR.

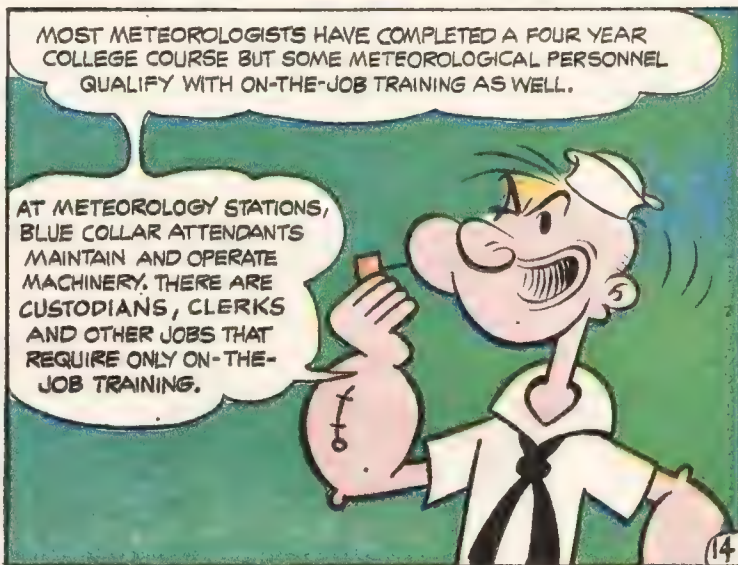

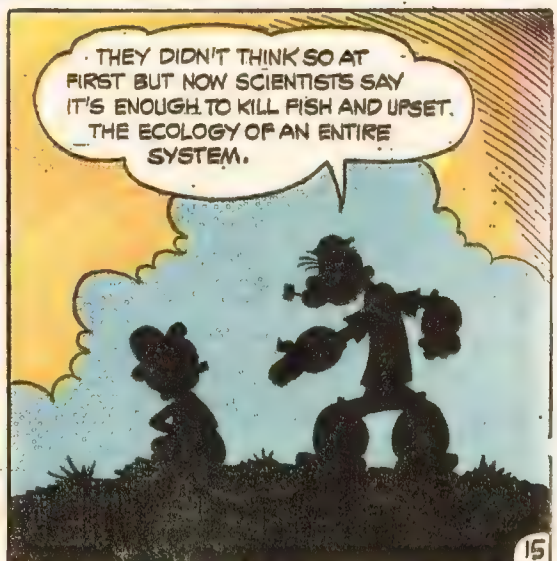

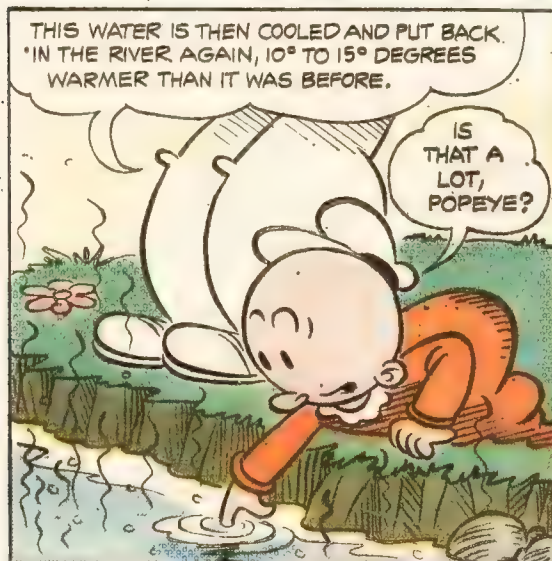

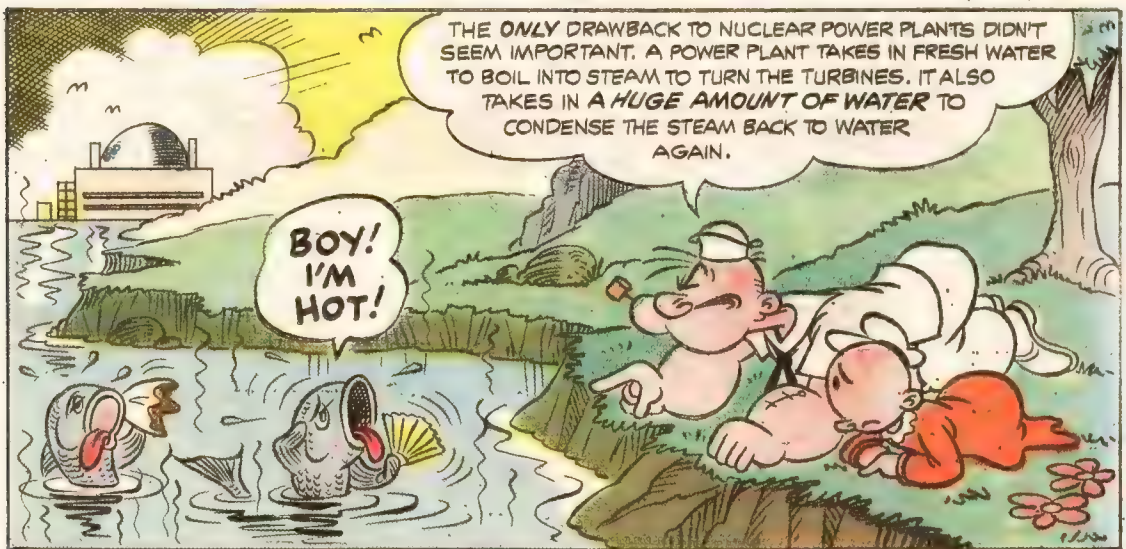

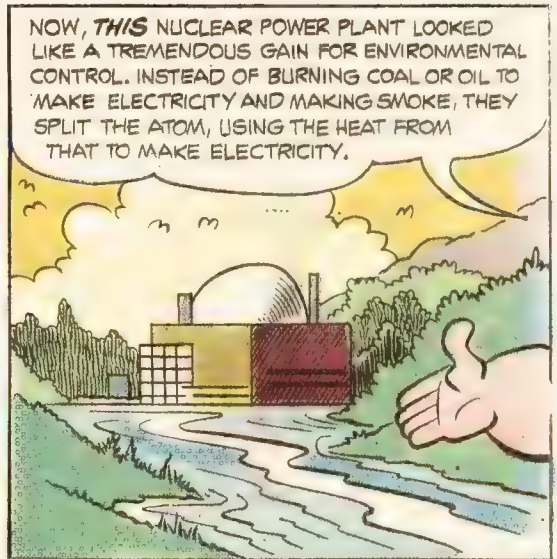

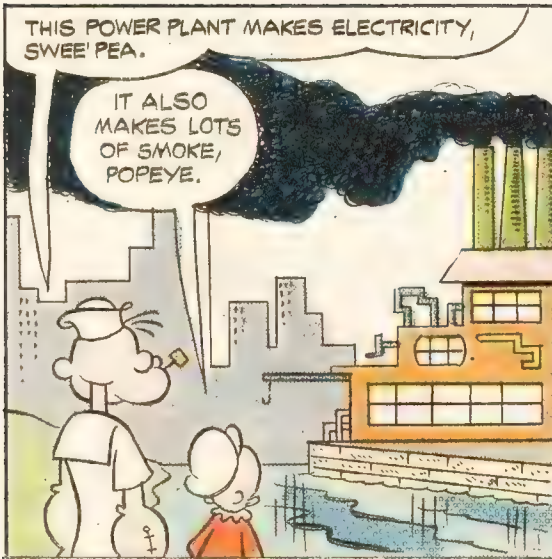

HOW CAN I GET A JOB AS A METEOROLOGIST, POPEYE?

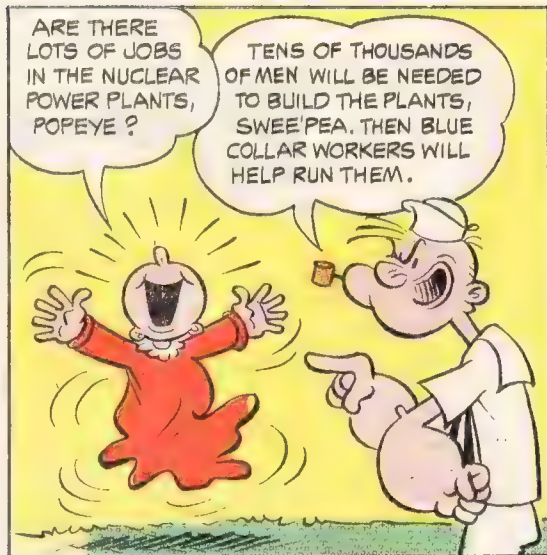

MOST METEOROLOGISTS HAVE COMPLETED A FOUR YEAR COLLEGE COURSE BUT SOME METEOROLOGICAL PERSONNEL QUALIFY WITH ON-THE-JOB TRAINING AS WELL.

AT METEOROLOGY STATIONS, BLUE COLLAR ATTENDANTS MAINTAIN AND OPERATE MACHINERY. THERE ARE CUSTODIANS, CLERKS AND OTHER JOBS THAT REQUIRE ONLY ON-THE-JOB TRAINING.

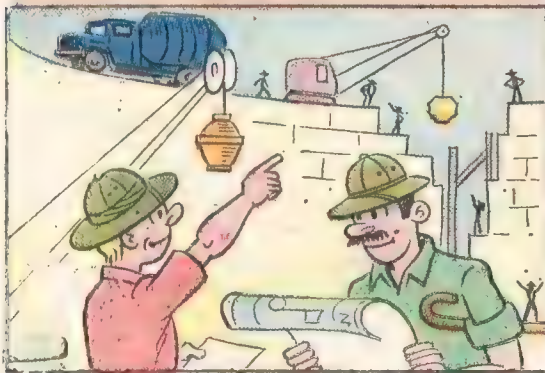

BESIDES THE NON-COLLEGE EMPLOYEES, THERE'LL BE JOBS FOR ENGINEERS. THEY'LL HIRE GIRLS TOO AND HANDICAPPED PEOPLE WILL FIND JOBS IF THEY QUALIFY.

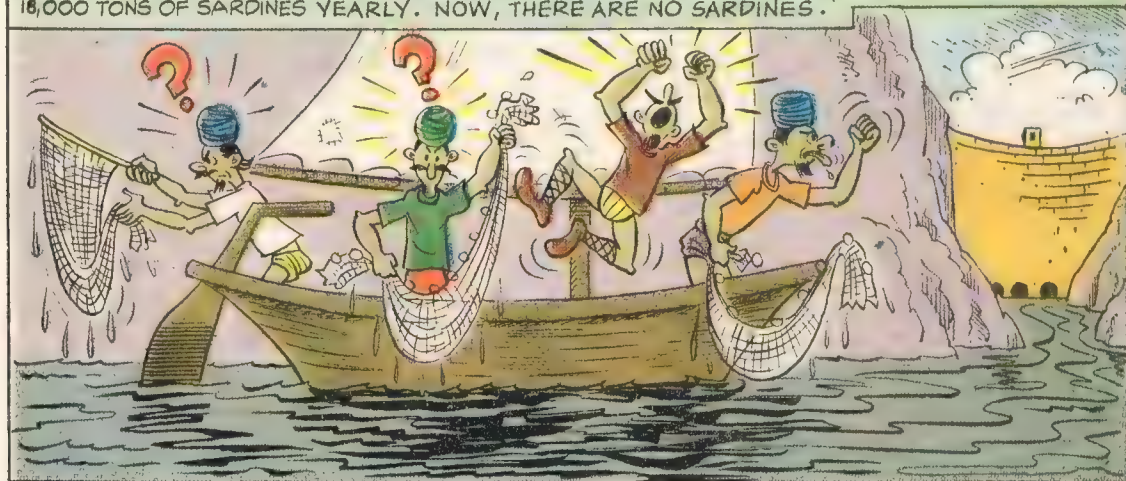

PHYSICISTS ARE TRAINED TO TAKE THE LONG LOOK AT A PROJECT. THEY TRY TO JUDGE A DAM'S PROBABLE EFFECT ON THE ENVIRONMENT. THEY DECIDE WHERE IRRIGATION SYSTEMS SHOULD GO AND ADVISE THE TECHNICIANS OF THE PROBABLE RESULTS OF THEIR ACTIONS.

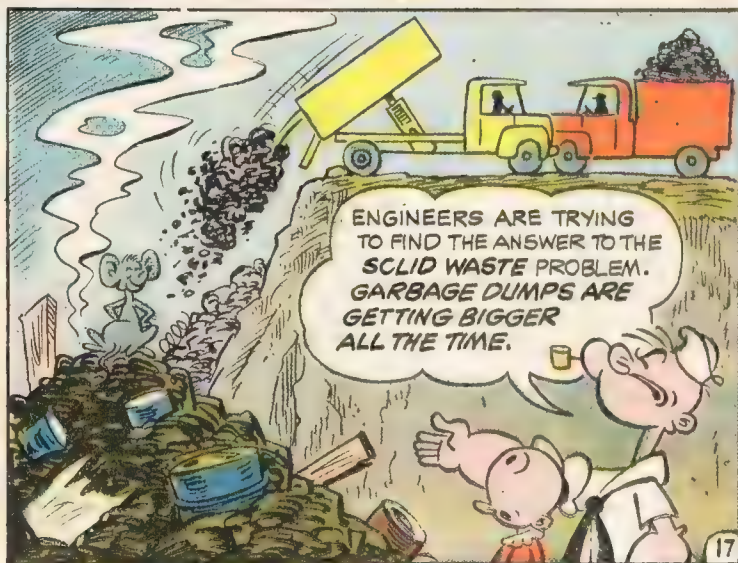

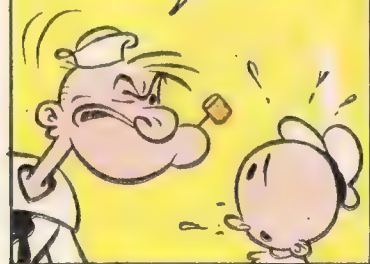

THE RUSSIAN ENGINEERS AND RUSSIAN MACHINERY HELPED THE EGYPTIANS DAM THE GREAT NILE RIVER. THEY PLANNED TO PRODUCE VAST AMOUNTS OF HYDROELECTRIC POWER AND USE THE WATER TO IRRIGATE ARID DESERTS.

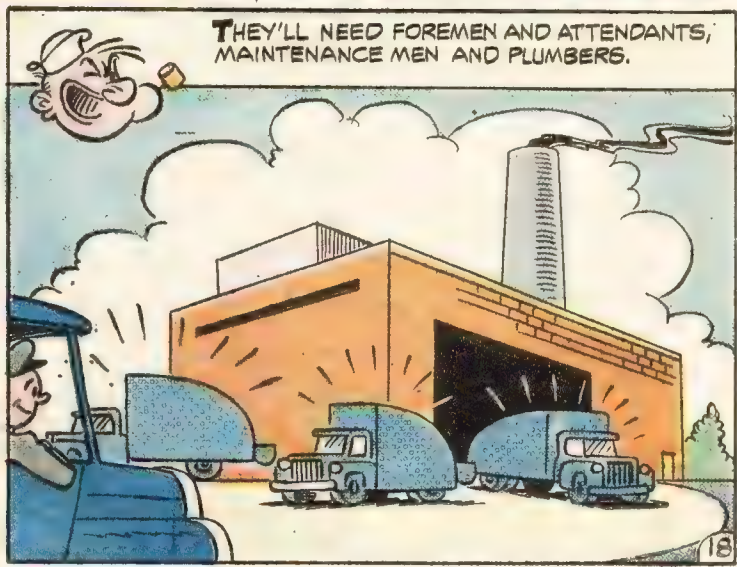

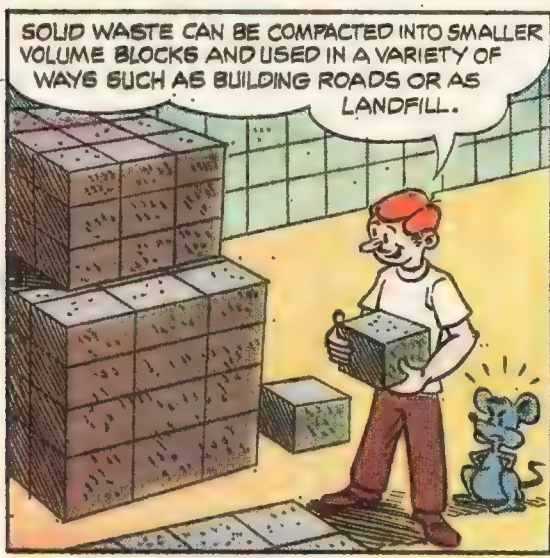

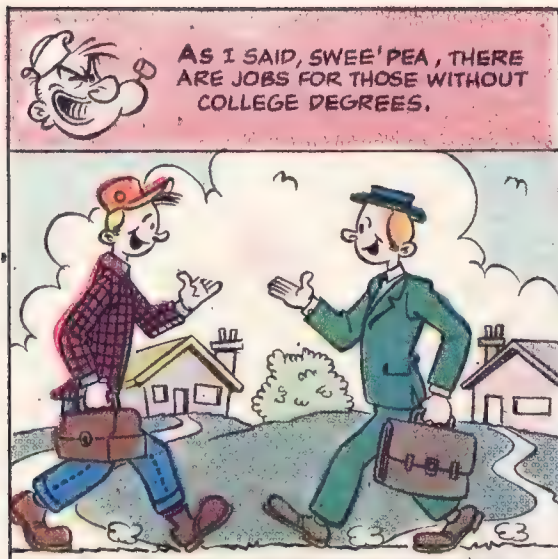

BUT THE GREAT NILE USED TO FLOOD THE VALLEY OF THE NILE WHERE EGYPT'S FOOD CROPS GREW. FLOODWATERS CARRIED RICH MINERALS INTO THE MEDITERRANEAN. ONCE, EGYPT HARVESTED 18,000 TONS OF SARDINES YEARLY. NOW, THERE ARE NO SARDINES.

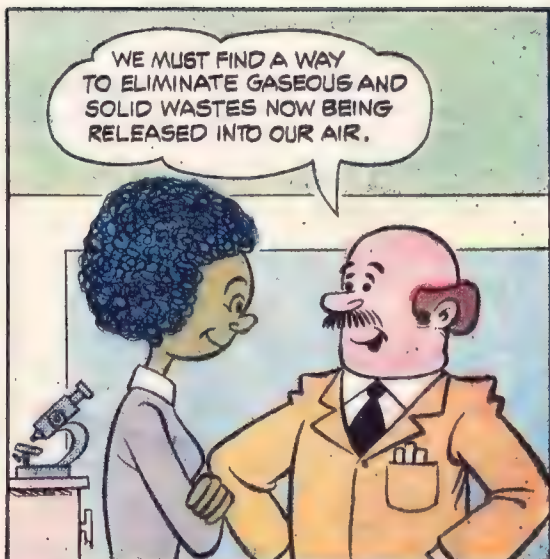

THE ASWAN DAM HAS CHANGED THE ENTIRE ECOLOGY OF EGYPT AND EVEN AFFECTED THE MEDITERRANEAN SEA. IT'S A GOOD EXAMPLE OF NOT PLANNING AHEAD. THIS IS WHY THEIR CIVIL ENGINEERS SHOULD HAVE WORKED WITH ENVIRONMENTAL ENGINEERS.

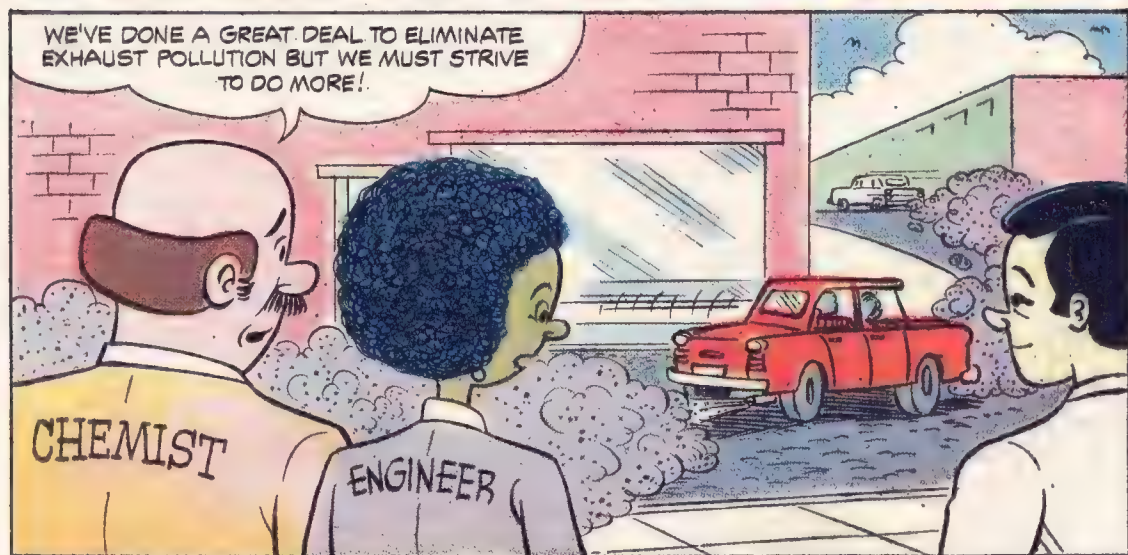

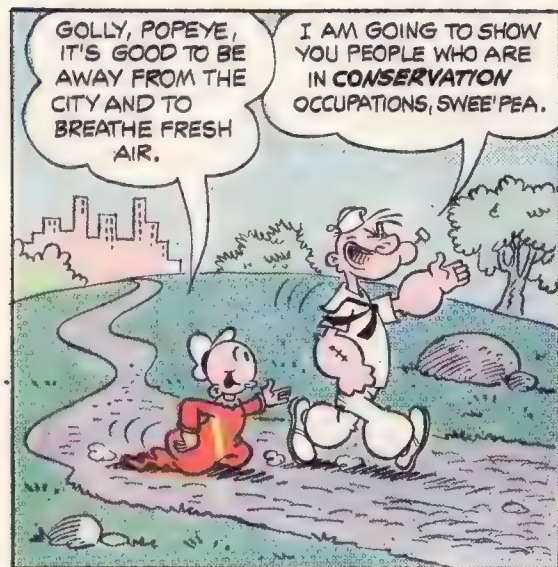

AS I SAID, SWEE'PEA, THERE ARE JOBS FOR THOSE WITHOUT COLLEGE DEGREES.

WE MUST FIND A WAY TO ELIMINATE GASEOUS AND SOLID WASTES NOW BEING RELEASED INTO OUR AIR.

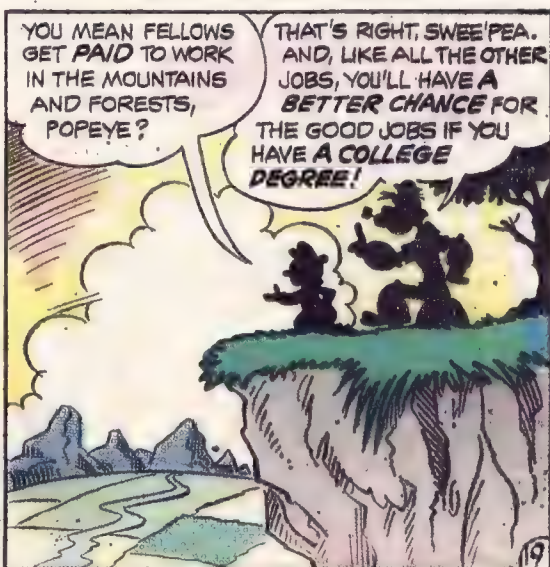

WE'VE DONE A GREAT DEAL TO ELIMINATE EXHAUST POLLUTION BUT WE MUST STRIVE TO DO MORE!

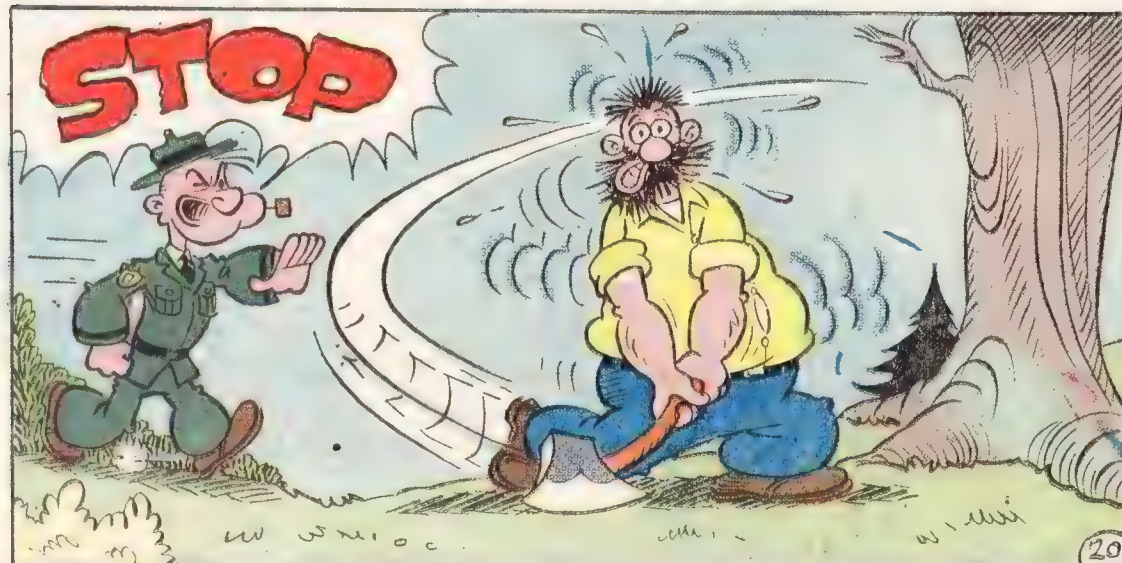

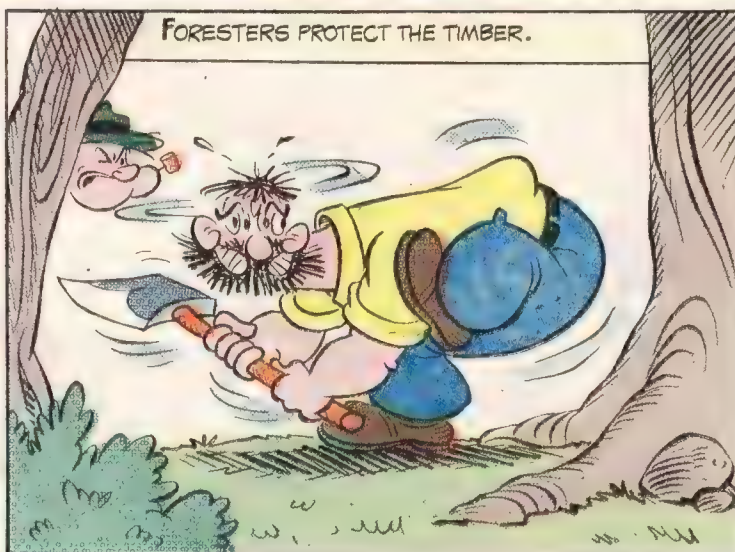

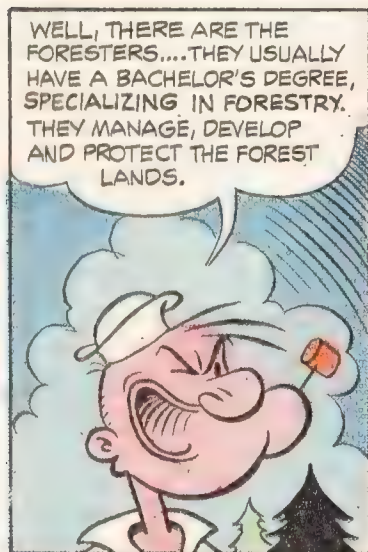

GOLLY, POPEYE, IT'S GOOD TO BE AWAY FROM THE CITY AND TO BREATHE FRESH AIR.

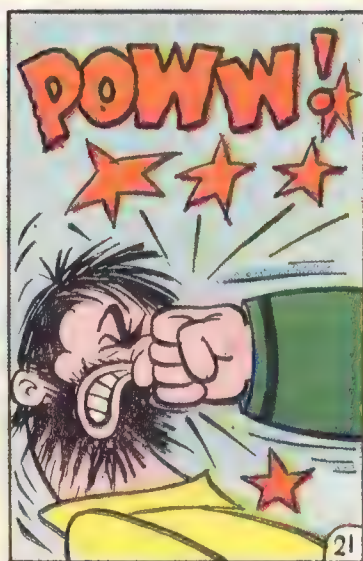

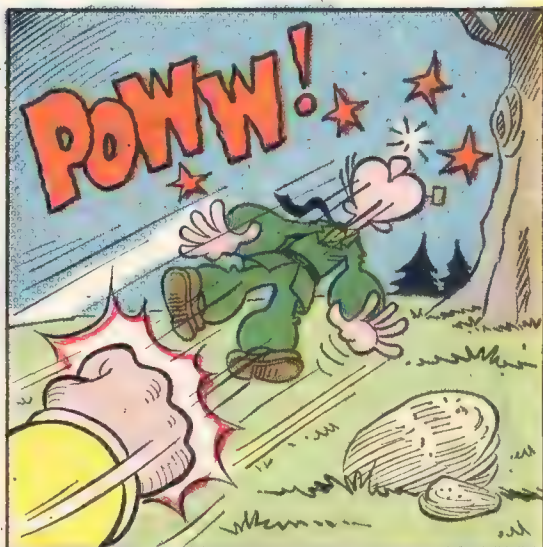

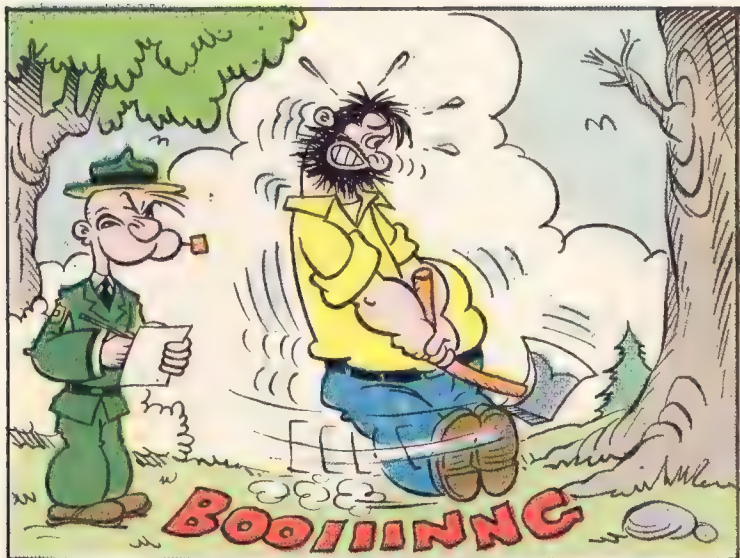

I AM GOING TO SHOW YOU PEOPLE WHO ARE IN **CONSERVATION** OCCUPATIONS, SWEE'PEA.

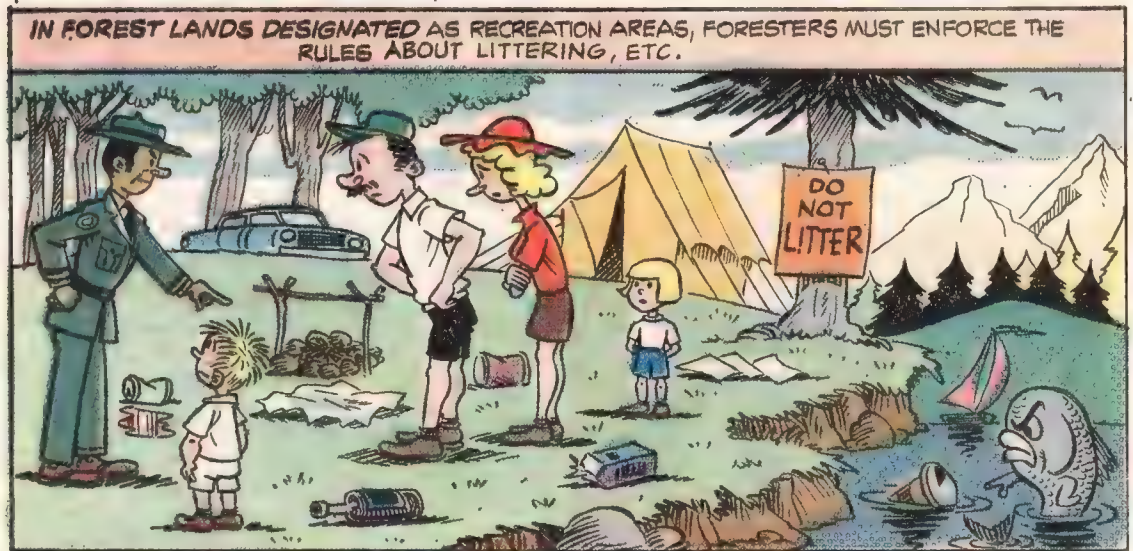

YOU MEAN FELLOWS GET **PAID** TO WORK IN THE MOUNTAINS AND FORESTS, POPEYE?

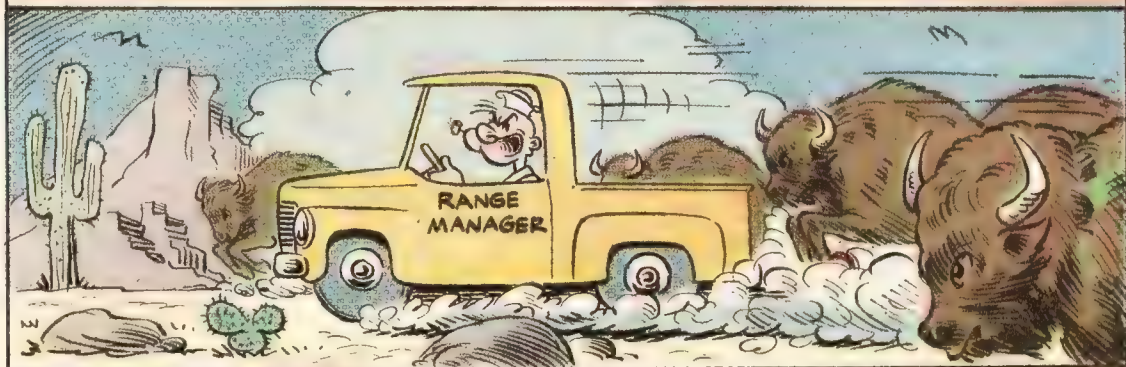

THAT'S RIGHT, SWEE'PEA. AND, LIKE ALL THE OTHER JOBS, YOU'LL HAVE A **BETTER CHANCE** FOR THE GOOD JOBS IF YOU HAVE A **COLLEGE DEGREE!**

RANGE MANAGERS USUALLY HAVE A BACHELOR'S DEGREE SPECIALIZING IN RANGE MANAGEMENT OR RANGE CONSERVATION.

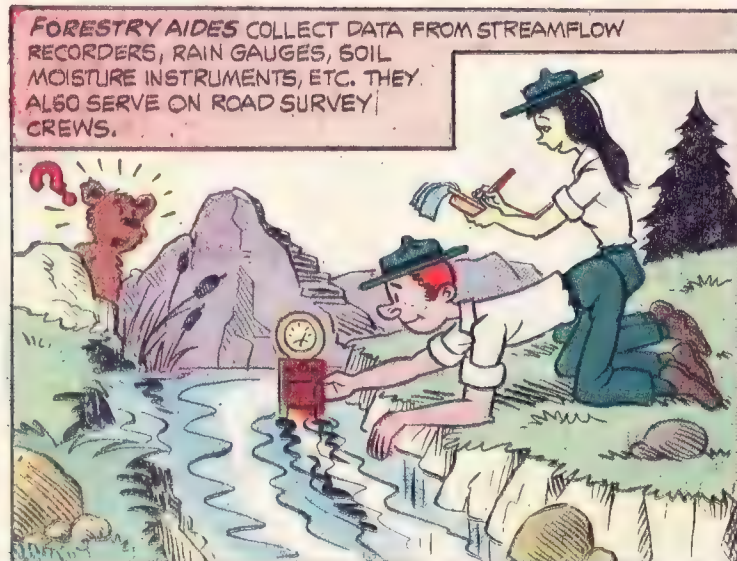

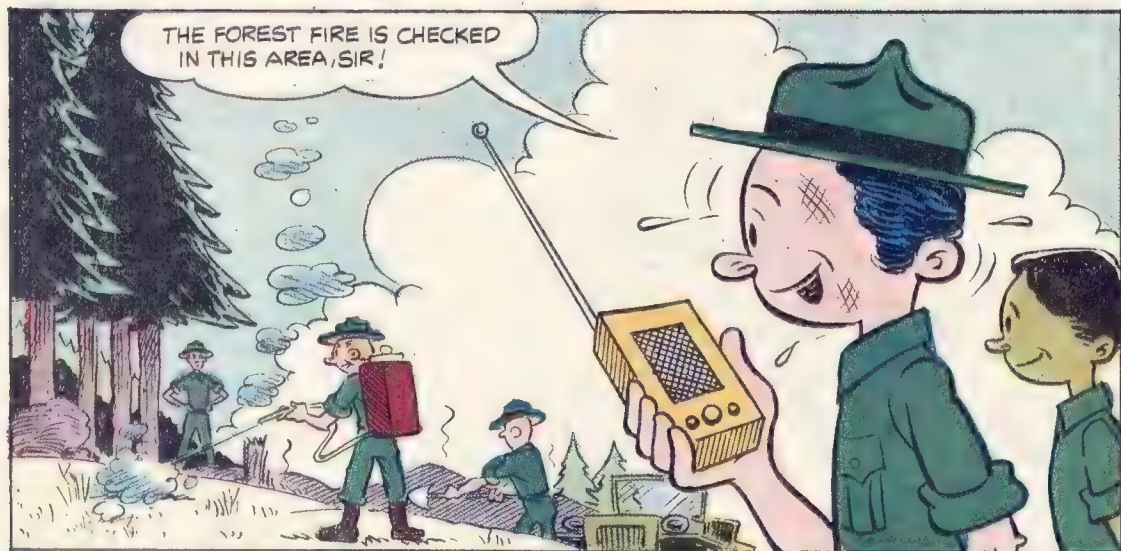

RANGE MANAGERS CARE FOR RANGELANDS, CONSERVE WILDLIFE HABITATS, AND WORK WITH LOCAL RANCHERS WHO USE THE RANGELAND TO GRAZE LIVESTOCK.

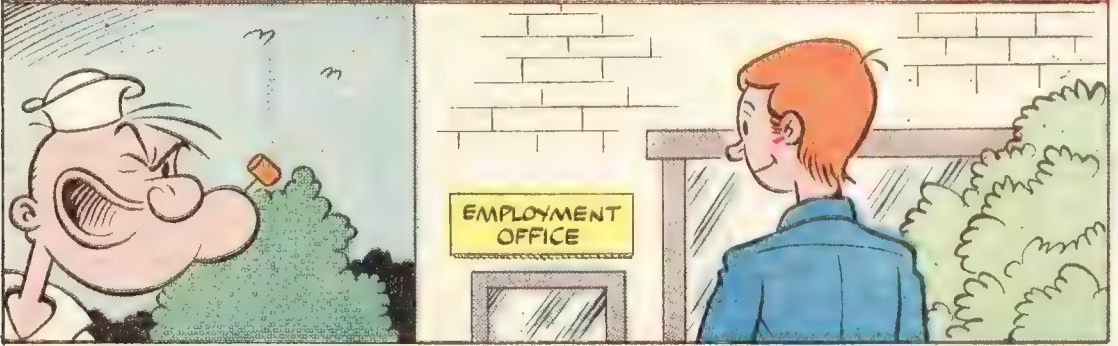

WHEN RANGELAND BECOMES DAMAGED THROUGH OVER-USE, RANGE MANAGERS CLOSE IT TO STOCKMEN AND TAKE STEPS TO RESTORE THE DAMAGED LAND.

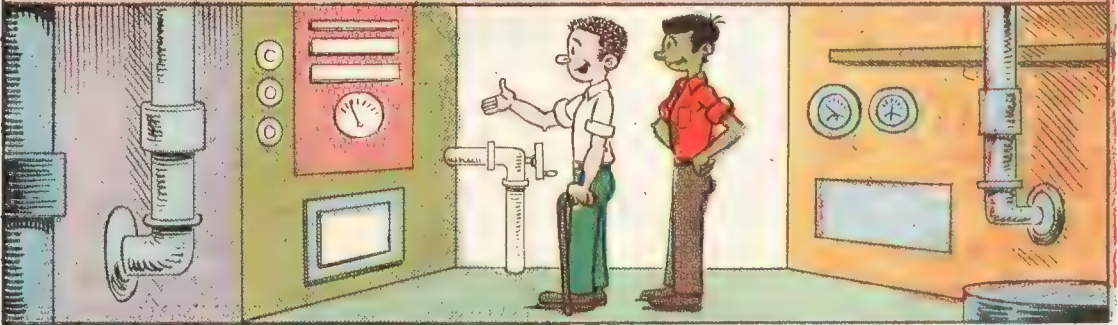

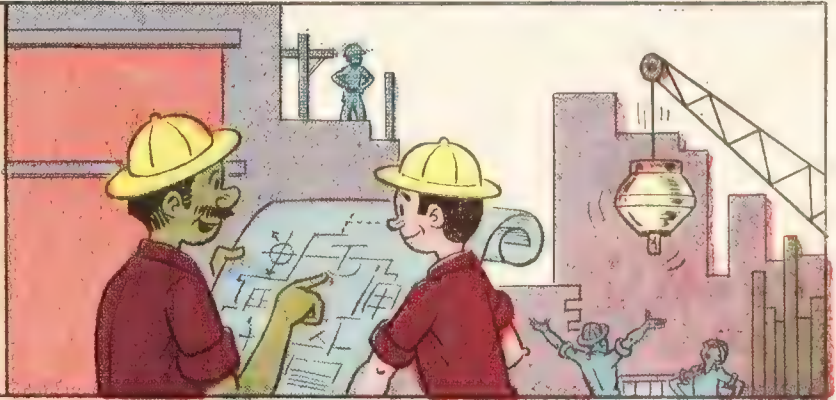

ANOTHER ENVIRONMENTAL PROTECTION JOB IS THAT OF SEWAGE DISPOSAL PLANT OPERATOR. COLLEGE DEGREES ARE NOT USUALLY NEEDED FOR THIS POSITION.

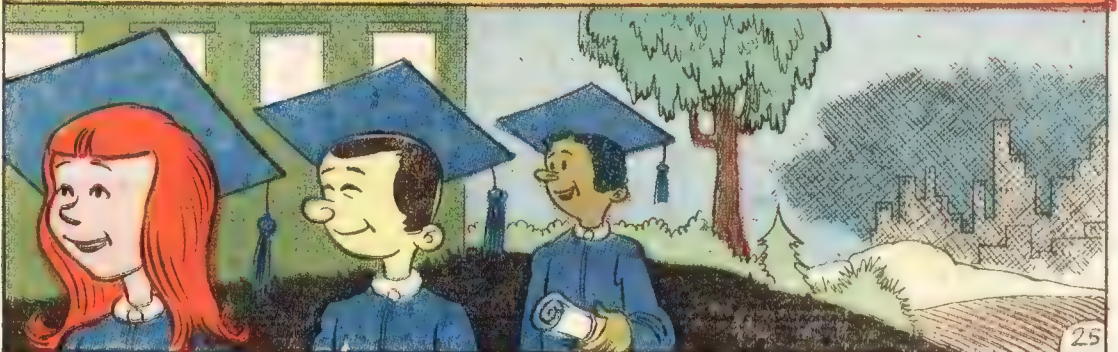

MOST OPERATORS ACQUIRE THEIR SKILLS ON THE JOB. OPERATORS CONTROL EQUIPMENT TO REMOVE WASTE MATERIALS FROM SEWAGE. TECHNICIANS OPERATE AND MAINTAIN ALLIED EQUIPMENT. THE PHYSICALLY HANDICAPPED FIND WORK IN THIS FIELD, TOO.

THIS IS A RAPIDLY GROWING OCCUPATION AS MORE WASTE-WATER TREATMENT PLANTS ARE BEING CONSTRUCTED ALL OVER THE COUNTRY. VOCATIONAL HIGH SCHOOLS TEACH BUILDING TRADES, AND THE PAY IS VERY GOOD!

LIFE SCIENTISTS MUST HAVE A BACHELOR'S DEGREE AND MOST WHO WORK IN THIS FIELD GET A GRADUATE DEGREE.

LIFE SCIENTISTS STUDY ALL LIVING ORGANISMS AND THE PROCESSES THAT DETERMINE THE NATURE OF LIFE. THEY ARE CONCERNED WITH MEN AND MICROBES, HEALTH AND DISEASE AND THE ENVIRONMENT.

BOTANISTS SPECIALIZE IN THE STUDY OF PLANT LIFE. SOME SPECIALIZE IN THE RELATIONSHIP BETWEEN PLANTS AND THE ENVIRONMENT (PLANT ECOLOGIST), OTHERS IN THE STRUCTURE OF PLANTS (MORPHOLOGIST), AND PLANT DISEASES (PATHOLOGIST).

BOTANISTS TRY TO DEVELOP INSECTICIDES WHICH WILL NOT HARM PLANTS OR THEIR ENVIRONMENT.

OTHER BOTANISTS SPECIALIZE IN DETERMINING HOW AIR AND WATER POLLUTION AFFECT PLANT LIFE.

GOLLY, POPEYE, WITH ALL THE PHYSICISTS, CHEMISTS, FORESTERS AND ALL, WHY DO WE HAVE SO MUCH POLLUTION?

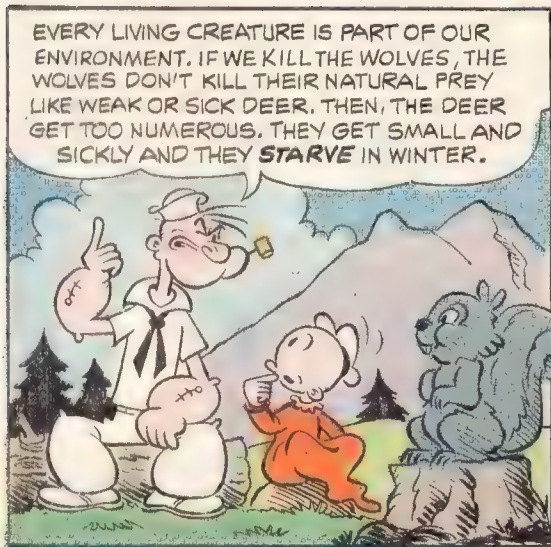

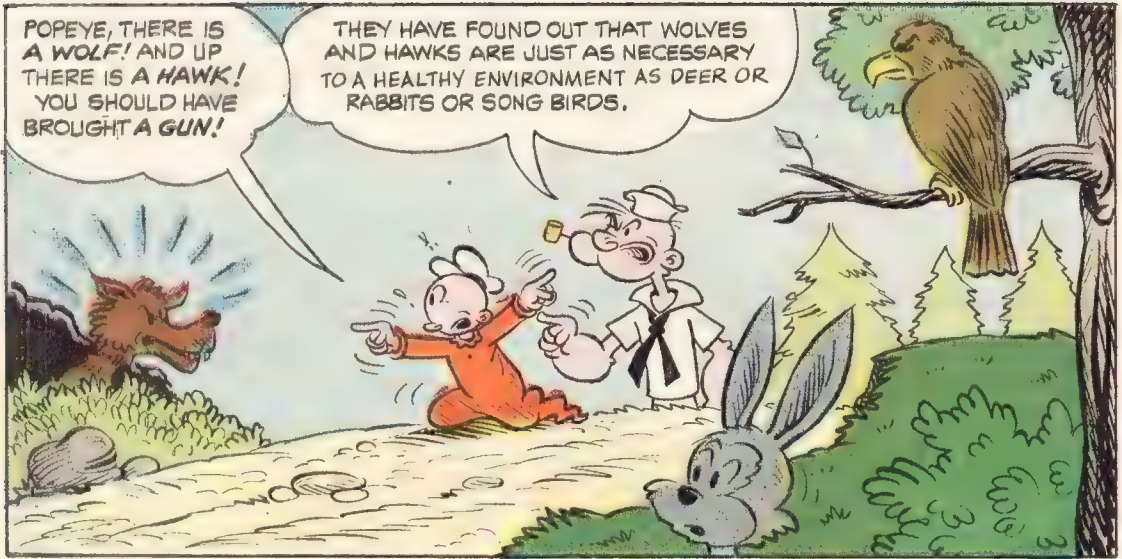

THAT'S EASY, SWEET'PEA. UNTIL THE MID-1960'S, NO ONE REALLY CARED ABOUT POLLUTION. STRIP MINERS TORE UP WHOLE MOUNTAINS FOR COAL, OIL COMPANIES SPILLED OIL, PAPER COMPANIES POLLUTED STREAMS, AND NO ONE PROTESTED.

NOW, PEOPLE ARE STARTING TO REALIZE, 'IT'S A CASE OF LIFE OR DEATH!' IF WE DON'T SAVE OUR PLANET, WE'LL ALL DIE!

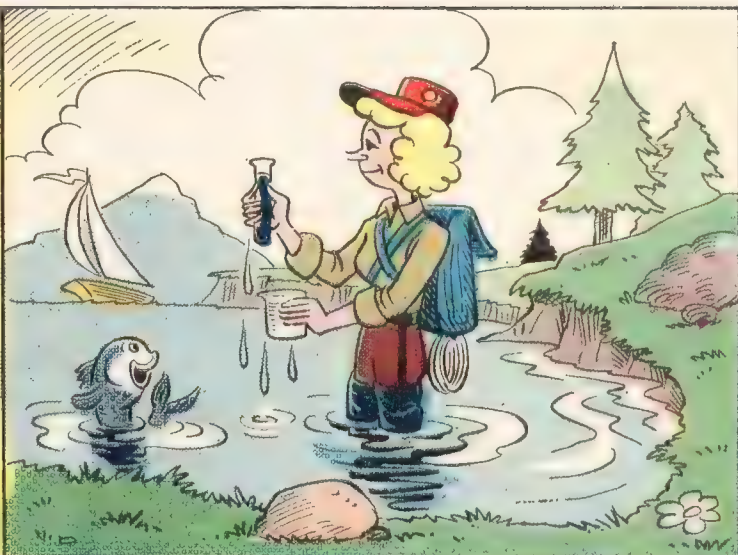

SO WATCH OUT, YOU POLLUTERS! WE'RE ALL GOING TO FIGHT FOR CLEAN AIR, CLEAN WATER AND CLEAN EARTH!

ECOLOGISTS ARE VERY SMART COOKIES. THEY HAVE DEGREES FROM COLLEGE. THEY STUDY THE ENVIRONMENTAL EFFECTS OF RAINFALL, TEMPERATURE AND ALTITUDE ON ORGANISMS.

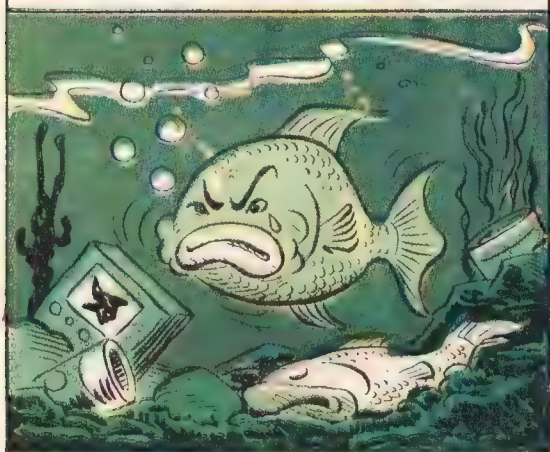

THIS ECOLOGIST IS SAMPLING PHYTOPLANKTON, THE VERY TINY PLANTS WHICH PRODUCE MOST OF THE OXYGEN WE BREATHE.

THIS ECOLOGIST IS TAKING THE WATER TEMPERATURE DOWNSTREAM FROM A NUCLEAR POWER PLANT. HE HAS ALREADY NOTED THAT SOME FISH STOP LAYING EGGS AT A CERTAIN TEMPERATURE. OTHERS DIE WHEN THE WATER REACHES 79°

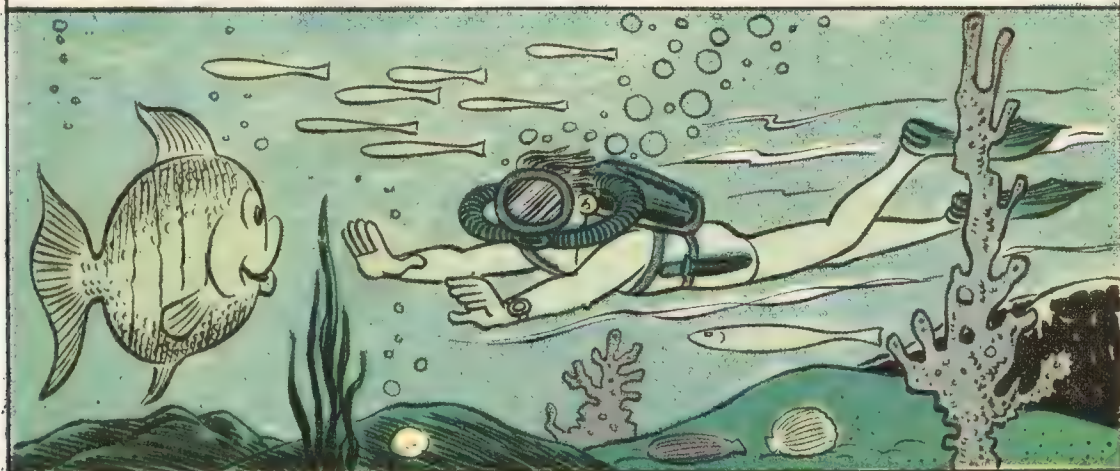

ECOLOGISTS HAVE LEARNED HOW INDUSTRIAL MERCURY WHICH SINKS TO THE BOTTOM OF WATERWAYS CHANGES CHEMICALLY AND IS EATEN BY FISH WHICH ARE DANGEROUS TO US TO EAT.

YOU MUST NOT THINK THAT IT IS HOPELESS, SWEETPEA! WE ARE MAKING PROGRESS, AND AS PEOPLE GET SMARTER THEY WILL MAKE POLLUTERS STOP POISONING OUR WORLD.

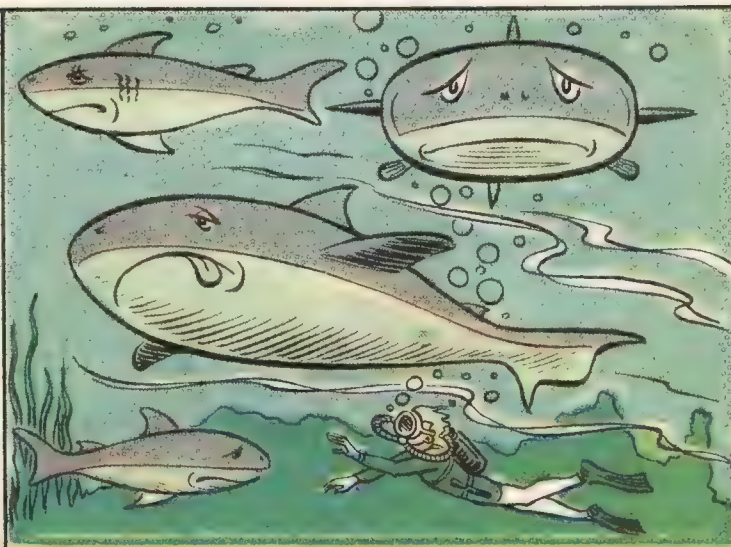

THIS IS A ZOOLOGIST AT WORK TRYING TO DETERMINE THE EFFECT OF WATER POLLUTION ON AQUATIC LIFE. ZOOLOGISTS ARE COLLEGE GRADUATES AND MOST OF THEM HAVE A MASTER'S DEGREE OR A DOCTORATE IN THIS FIELD.

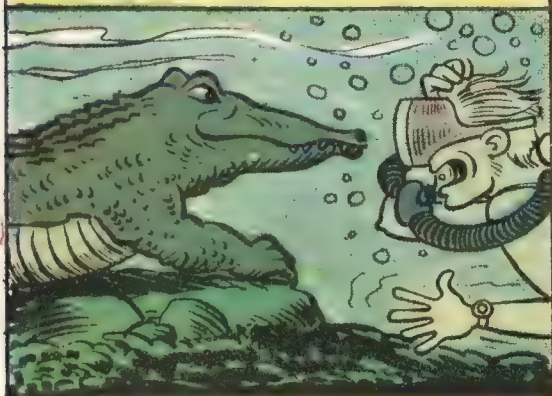

WHERE OYSTER BEDS ONCE FLOURISHED OFF OUR COASTS, WATER POLLUTION HAS KILLED THEM OFF OR POISONED THEM TO SUCH AN EXTENT THAT THEY'RE NOT FIT TO EAT.

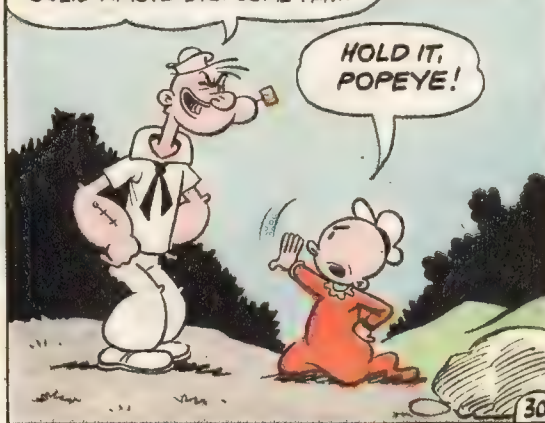

WATER POLLUTION OFTEN ROBBS THE WATER OF OXYGEN, SUFFOCATING THE FISH IN THAT AREA.

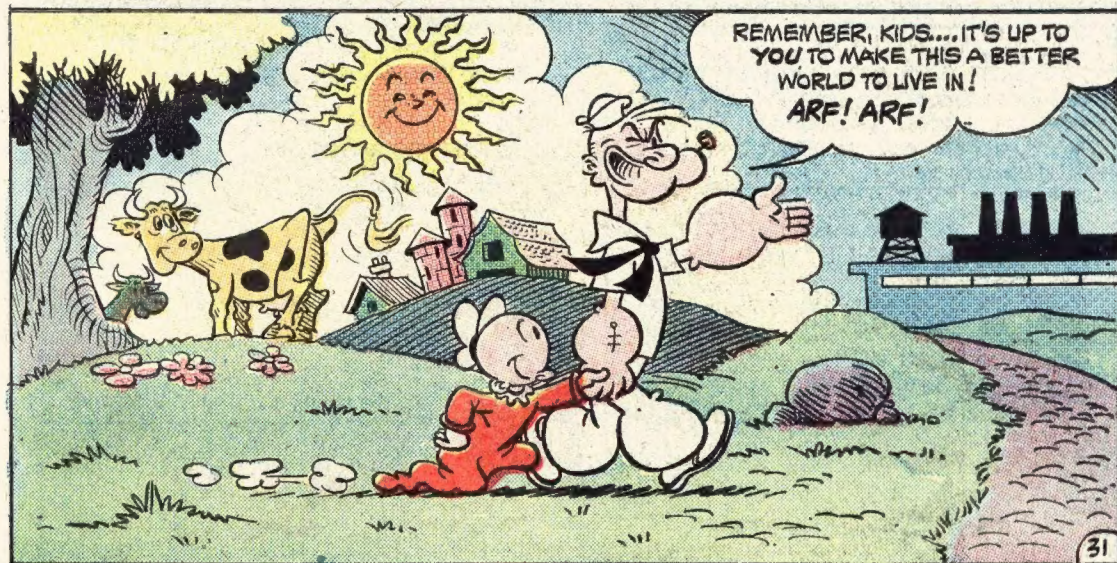

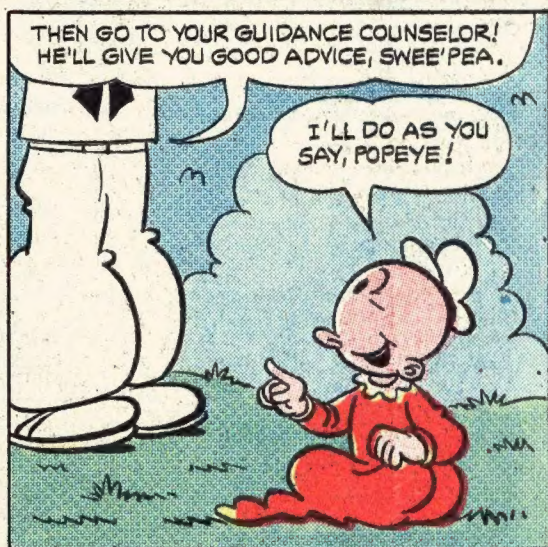

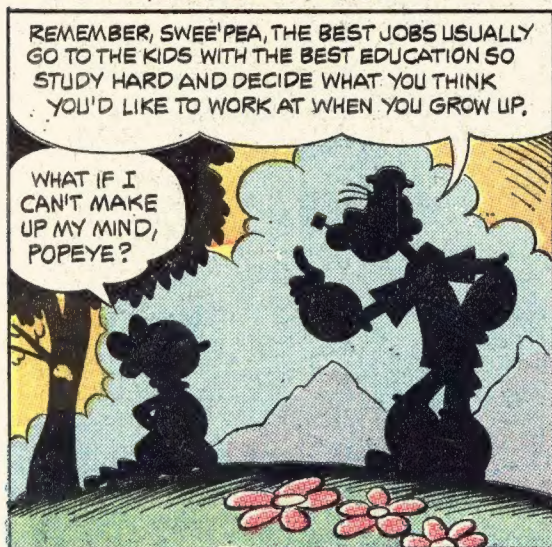

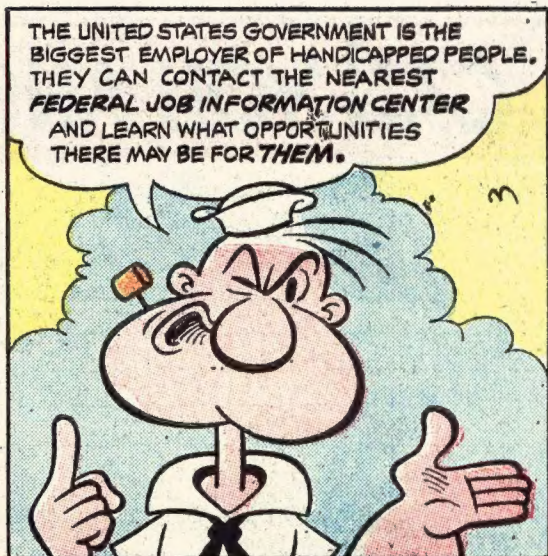

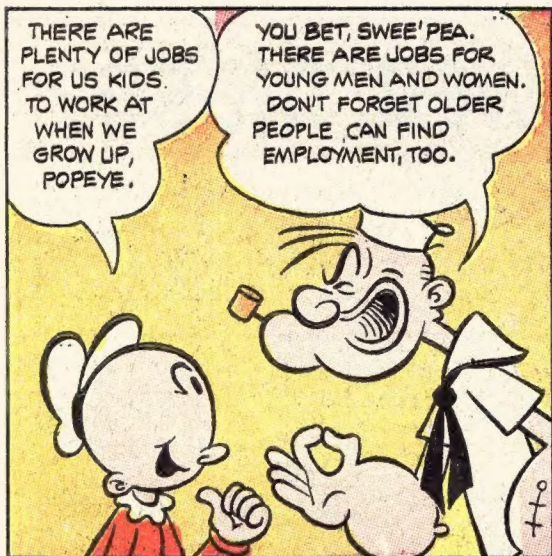

IN FLORIDA, ALLIGATORS WERE SLAUGHTERED TO MAKE SHOES AND POCKETBOOKS. THEN, WHEN IT WAS ALMOST TOO LATE, ECOLOGISTS TOLD PEOPLE THAT ALLIGATORS WERE NEEDED FOR A NUMBER OF REASONS OR ALL LIFE IN THE EVERGLADES WOULD BE IN DANGER.

THERE ARE LANDSCAPE ARCHITECTS WORKING WITH THE ENVIRONMENTAL PROTECTION PEOPLE TOO. THEN THE CIVIL ENGINEERS DESIGN WATER TREATMENT PLANTS, SOLID WASTE DISPOSAL FA...

CAN YOU ANSWER THESE?

1. LIST FIVE JOBS IN ENVIRONMENTAL CAREERS YOU MIGHT LIKE. NEXT TO EACH JOB LIST THE TRAINING YOU WOULD NEED. THE ANSWERS ARE IN THIS BOOK.

JOBS

TRAINING

_____	_____
_____	_____
_____	_____
_____	_____

2. DID YOU FIND ANY JOBS YOU DID NOT KNOW ABOUT? YES NO

3. LIST SIX ENVIRONMENTAL JOBS YOU DID NOT KNOW ABOUT.

4. ENVIRONMENTAL JOBS ARE POSSIBLE WITH TRAINING THAT INCLUDES:

CHECK ONE

YES NO

YES NO

HIGH SCHOOL DIPLOMA _____
 JUNIOR COLLEGE DEGREE _____
 ON THE JOB TRAINING _____
 NO HIGH SCHOOL DIPLOMA _____

COLLEGE DEGREE _____
 GRADUATE DEGREE _____
 APPRENTICESHIP TRAINING _____
 VOCATIONAL SCHOOL _____

5. ENVIRONMENTAL JOBS MAY BE FOUND IN:

CHECK ONE

YES NO

YES NO

BUSINESS AND INDUSTRY _____
 MANY CITY AGENCIES _____
 FORESTS _____
 NATIONAL AND STATE PARKS _____

AGRICULTURE _____
 THE SEA _____
 WEATHER STATIONS _____
 WORKING IN BIOLOGY _____

6. ENVIRONMENTAL CAREER WORKERS ARE TRYING TO SOLVE PROBLEMS IN:

YES NO

YES NO

AIR POLLUTION _____
 WATER POLLUTION _____

NOISE POLLUTION _____
 BALANCE NEEDED FOR SOUND ECOLOGY _____

7. HAS THE THOUGHTLESSNESS OF MAN CAUSED SOME OF OUR ANIMALS AND BIRDS TO BECOME NEARLY EXTINCT?

YES NO

8. NAME ONE BIRD AND ONE ANIMAL THIS COUNTRY HAS NEARLY LOST.

BIRD _____

ANIMAL _____

9. THERE ARE MANY ENVIRONMENTAL JOBS FOR:

TECHNICIANS _____ YES _____ NO _____

AIDES _____ YES _____ NO _____

10. EACH ONE OF US MUST HELP PRESERVE OUR ENVIRONMENT

YES

NO

11. ARE ENVIRONMENTAL CAREERS LIMITED TO PEOPLE WITH COLLEGE DEGREES?

12. DOES POPEYE THINK IT IS IMPORTANT TO STUDY AND FINISH SCHOOL IF YOU WANT AN ENVIRONMENTAL CAREER?

HEY, KIDS-

IF YOU WOULD LIKE A JOB OR CAREER HELPING TO REPAIR THE DAMAGE TO OUR AIR, WATER, SOIL, PLANT, ANIMAL AND OTHER EARTH RESOURCES, OR A JOB OR CAREER PROTECTING, CONTROLLING AND SAVING THESE RESOURCES, ENVIRONMENTAL CONTROL WORK OFFERS YOU MANY INTERESTING, EVEN EXCITING REWARDS AND SATISFACTIONS.

YOUR JOB MIGHT BE ANYWHERE ON, ABOVE OR BELOW THE EARTH'S SURFACE. MANY INTERESTING AND FINANCIALLY REWARDING JOBS ARE AVAILABLE FOR PEOPLE WITH A WIDE RANGE OF INTERESTS, EXPERIENCES AND SKILLS--REGARDLESS OF THEIR RACE, COLOR, RELIGION, BACKGROUND, SEX OR EVEN HANDICAPS, IN MANY CASES.

IF YOU ARE INTERESTED IN KNOWING MORE ABOUT ENVIRONMENTAL JOBS AND CAREERS, SEE YOUR SCHOOL VOCATIONAL OR CAREER GUIDANCE DIRECTOR.

*Your Pal,
Popeye*
